SEDALIA, MISSOURI, MONDAY EVENING, NOVEMBER 15, 1909

VOL. 3 NO. 268. PRICE FIVE CENTS

PACKED THE PLACE

THE BIG TABERNACLE WAS SUNDAY AFTERNOON AND ALSO AT NIGHT SERVICE.

HUNDREDS WERE TURNED AWAY

An Overflow Meeting at the First M. E. Church—An Outline of Both the Afternoon and the Evening Sermons.

NOTES.

It was the largest congregation gathered in Sedalia for a religious service in the history of the city. The people that went to the Yaw concert during that storm in a leaky tent were all out of the city last week during the rain. Next Sunday the service at night will be for men, owing to the fact that the tabernacle is far too small. In the afternoon it will be for ladies. Dr. Torrey went to a dance at Ballarat, Australia. The club invited him. Instead of dancing, he preached, and so many were converted that the club went out of business. If you are skeptical or have doubts, come to the service tonight.

To say that the service last night was packed will not fully describe it. Every seat in the house was taken long before the time announced for the commencement of the service, and all the standing room was quickly taken, while hundreds were turned away, many of whom went to an overflow meeting at the First Methodist church, led by Mr. Jacoby.

It was the largest congregation ever gathered at a religious service in the city, so far as we can discover. This is only the commencement of the meeting, and if it is like this now, what will it be before the meetings are over?

Next Sunday the plans will be different. The afternoon meeting will be for the ladies, and the evening will be for the men. During the erection of the tabernacle those who saw its size said that it would never be full, and now we are wondering how the crowds will be seated at the Sabbath services.

Even the service in the afternoon was full to the doors, when Dr. Torrey addressed the vast audience on the subject of "Soul Winning." At both services the doctor announced that the topics will be special ones this week at the night services.

Tonight the subject will be "Why I believe the Bible to be the Word of God." This same subject will be continued at the service on Tuesday night.

The time of the afternoon services will be changed from 3:30 to 3 p. m.; this has been at the earnest request of a large number who are very anxious to attend the services during the day.

The sermon last night compelled us to realize that there are preachers and preachers. Dr. Torrey makes us think of one of the old Hebrew prophets. He possesses the boldness of Elijah, the leadership of a Moses, the horror of sin of a Jeremiah, and the enthusiasm of a Paul.

It seems as though the power of God was certainly manifest as he so fearlessly preaches the truth. The subject of the evening sermon last night was "God." An awful stillness hushed the congregation as they listened to this sermon, an outline of which is given below.

God.

I have taken, or rather God has given me, for my text tonight a very short one. I do not think you ever heard a sermon from a shorter text. I will not tell you where to find the text. It occurs several hundred times in the Bible. It consists of but one word; but it will take all eternity to exhaust its meaning, and then it will not be exhausted. It is "God"—a word the height and depth and length and breadth of whose meaning no philosopher has ever fully apprehended.

The first thing the Bible teaches us about God is that "God is"

two short words. Tremendous significance! If that simple truth gets hold of your mind and heart it will move and mould your whole life. There is abundant proof of the existence of God. Nature proves the existence of God. All through nature there are marks of creative intelligence, design, all proving an intelligent Creator of the material universe in which we live.

History proves that there is a God. But there is one special history that proves that there is a God, that is the history of Jesus of Nazareth, as recorded in the four Gospels. If Jesus lived as these Gospels say He did, if He wrought as the Gospel says He wrought, healed the sick, cleansed the leper, raised the dead, fed the five thousand with five loaves and two small fishes, and, if above all, having

(Continued on Page 2.)

ALL HOPE IS GONE

SEEMS NO CHANCE TO SAVE ANY OF THE ENTOMBED MINERS.

MINE IS STILL AFIRE AND CAVING IN

Opinion of Rescuers Is That All Life-Giving Air Has Been Exhausted From the Mine and That All Will Perish.

Cherry, Ill., Nov. 15.—Hope has all but been abandoned by the relatives of the 300 or more men now numbered as victims in the greatest mine disaster in the history of Illinois.

That not one man of the hundreds entombed in the St. Paul Coal company's mine will be taken from it alive is the opinion of those on the scene. The rescuers, equipped with oxygen helmets, who entered the mine today, declared it is still on fire and is caving in in many places. They were unable to penetrate more than a few feet from the main shaft in the second vein, their equipment being useless in the smoke and gas filled chambers. That every bit of life-giving air has been exhausted hours ago was declared certain.

A few miners' caps and lamps were seen, but no bodies were found. The entombed men are believed to be huddled in the furthestmost part of the mine, where some air might be found to keep them alive till help comes.

AMIEL MEIER IS NOW 21

Was Presented With Beautiful Gold Watch and Chain.

Amiel Meier, for the past seven years connected with the F. L. Ludemann Carpet company, is today celebrating his twenty-first birthday, and at 6 o'clock last evening his uncle, F. L. Ludemann, gave a sumptuous dinner at the Ludemann home, 620 West Fourth street, at which covers were laid for twenty.

The menu was complete, comprising all the substantial and delicacies desired at such an occasion.

During the evening Mr. Ludemann presented the honor guest with a beautiful gold watch and chain, purchased at Bichsel Bros.' store, which the recipient received with the profoundest surprise, and for which he returned appropriate thanks.

MEETING OF SOROSIS

Prof. Gass to Read a Paper on the Bavarian System.

Besides the regular program for the meeting of Sorosis this afternoon, "Education day," Prof. J. P. Gass, superintendent of the public schools, is to read a paper, "The Bavarian System," explaining its scope in the schools of Sedalia.

The regular program consists of four papers, as follows:

"Present Day Problems in Education," Mrs. Charles B. Wallace.

"Citizenship and the Public Schools," Mrs. C. C. Evans.

"New Experiments in Education," Mrs. John T. Heard.

"Extensive or Extensive Education," Mrs. George McKown.

Fire Alarm This Afternoon.

The wall paper in the law office of George Anamosa, Second and Ohio streets, caught fire from a flue at 3:15 o'clock this afternoon, calling out the fire department, but the damage was trivial.

CAUSE AND EFFECT

MR. CARROLL DEAD

A FORMER SEDALIA COUNCILMAN DIED AT HOUSTON, TEXAS, SUNDAY.

CARBUNCLE AND THEN PNEUMONIA

These Were the Cause of Death—Body Is Expected to Arrive Here at Midnight—Funeral Arrangements Not Made.

Charles Carroll, a former Sedalian, and one of the best known men that ever resided in this city, died from pneumonia at his home at Houston, Texas, at 3:30 o'clock Sunday morning.

A telegram announcing the death was received early yesterday morning by Charles McEniry, of West Fourth street, an intimate friend of the family, from his son, Will McEniry, who lives at Houston.

In a letter to Mrs. J. D. Hogan, received this morning, Mrs. Carroll stated that a carbuncle developed on Mr. Carroll's body several days ago, but it was not thought to be serious. Friday, however, pneumonia also developed.

Late Saturday night two telegrams were received in Sedalia, stating that Mr. Carroll's condition was alarming, and that he was not expected to live. The next message announced his death.

The remains, accompanied by the family, will arrive in Sedalia on M. K. & T. flyer No. 6 at 11:45 o'clock tonight. The body will be taken to the home of deceased's mother-in-law, Mrs. Patrick Sullivan, 732 East Third street.

Funeral arrangements will not be perfected until tomorrow, but in all probability services will be held at St. Patrick's Catholic church on Wednesday morning. Burial will be in the Catholic cemetery.

Mr. Carroll was born at Oneonta, N. Y., fifty-three years ago, where he learned the machinists' trade. In the prime of young manhood he left the Empire state to settle in the west, locating in Sedalia.

For almost thirty years he resided in this city, at one time holding the position of superintendent of the street railway and at another foreman of the Missouri Pacific shops. During his residence here he was elected to the office of alderman from the Second ward, serving most creditably for two terms.

Four years ago Mr. Carroll and family left Sedalia for Houston, where he became general foreman of the Houston and Texas Central rail-

way shops, holding the position up to the time of his death.

Mr. Carroll was married in Sedalia Sept. 13, twenty-five years ago, to Miss Kate Sullivan, who, with the following daughters, survives him: Mayme, Nellie and Mildred.

Mr. Carroll was a member of the Roman Catholic church, held membership in the Knights of Columbus, having joined the order here, also the Woodmen of the World and the Maccabees.

A delegation of members from Sedalia council No. 821, Knights of Columbus, will leave at 5:15 o'clock this afternoon to meet the remains and accompany them here.

Mr. Carroll was liked by all. Indus-

(Continued on Page 3.)

TURKEYS SCARCE

LOOKS LIKE CHICKEN WOULD HAVE TO DO FOR MANY ON THANKSGIVING.

DEMAND WILL EXCEED THE SUPPLY

Missouri Is a Good Turkey State, as Thousands of Them Are Driven Overland to Market in the Ozark Country.

From present indications ordinary chicken will have to be given the place of honor on the Thanksgiving dinner table, as turkeys seem to be unusually scarce.

Dealers state that they have not had as much difficulty securing specimens of the bird for years as they are having now. In many instances Thanksgiving turkey contracts have been closed for some time, and there is little doubt but that the demand will exceed the supply.

"While it is true that we are having considerable difficulty to secure turkeys, we hope to see the market loosen up from now on," said a leading dealer today.

"Farmers usually hold on to their flocks until the eleventh hour in hope of securing better prices, so that frequently an apparent shortage is avoided a few days before the national turkey day.

"A few weeks later, along about Christmas time, there is likely to be plenty of turkeys. The wet weather of the early spring delayed the growth of the fowls.

"Missouri is a great turkey state, as thousands of them are driven overland from the towns in the Ozark mountain counties to market. A drove of turkeys in charge of two or three men can be handled better in this way than hauled in wagons."

SENT HIM TO JAIL

FORMER TENNESSEE SHERIFF WHO FAILED TO PREVENT LYNCHING OF NEGRO.

HAD ASSAULTED A WHITE WOMAN

Stay Had Been Granted, When a Mob Organized and the Condemned Man Hanged—A History of the Case.

Washington, D. C., Nov. 15.—Ninety days' imprisonment was today imposed upon former Sheriff Joseph F. Shipp, of Chattanooga, Tenn., by the supreme court of the United States for contempt of court in failing to prevent the lynching of a negro, Ed Johnson, convicted of assault, but whose execution had been stayed by the court.

Williams and Nolan were sentenced to ninety days and Gibson, Padgett and Mayers to sixty days in jail.

This was the second time in the history of the supreme court of the United States that that august body had imposed a sentence upon citizens held guilty of disregarding its mandates. The previous occasion was in another generation.

Heading the little group of six men found guilty of contempt, as they took their places before the black robed justices was Captain Jack H. Shipp, the sheriff in Chattanooga, Tenn., when he offended the court.

His tall, straight figure, his seamed face and his gray-streaked hair and beard told of his long service in the army of the Confederacy.

Bowed down under his 76 years, Jeremiah Gibson, the jaffer, stood with him. With bedimmed eyes he looked upon the long white locks of the chief justice, himself 76 years of age, who would soon pronounce sentence upon him, perhaps send him to prison. He and Captain Shipp had been found guilty of failing to protect a negro waiting to be hanged on a charge of a heinous offense against a white woman, after the supreme court of the United States had stayed his execution.

Luther Williams, Nick Nolan, Henry Padgett and William Mayes, residents of Chattanooga, found guilty of participating in the lynching of Ed Johnson, formed the rest of the group. Before them all sat the officials of the department of justice. Around about them in the little court room were the attorneys and other lawyers, while the three rows of seats for spectators were crowded.

The proceedings were practically without precedent. In 1875, John

Chiles, a business man of Texas, was brought before the court for contempt in connection with dealings in Texas indemnity bonds, contrary to an order of the supreme court. He was fined \$250, but that instance lacked the interest of the case today. In it were involved no race question, no lynching, no interference with state jurisdiction; only the majesty of the law as interpreted by the highest court of the land.

The case today originated in the court's decision in March, 1906, to consider the appeal of Johnson from a verdict of the Tennessee courts holding him guilty and sentencing him to be hanged on a charge of assault. The night after the determination of the supreme court to review the proceedings was wired to Chattanooga.

(Continued on Page 5.)

GET BETTER ROADS

THIS IS ONE OF THE BIGGEST IMPROVEMENTS DEMANDING ATTENTION.

SEDALIA OUGHT TO GET BUSY NOW

Question Is Being Agitated in Missouri More Than Ever Before—We Have the Material Almost at Our Doors.

It is said that good roads lead from good farms to good towns. Missouri boasts of good farms and towns, but there is room for improvement when it comes to the roads.

With the intention of making the roads all that they should be it has been proposed that the business men and farmers in and around Sedalia and other Central Missouri towns get together on some sort of an improvement project, not only with words, but with real coin of the realm. A good roads meeting to discuss ways and means of carrying on the work has been suggested.

About the only excuse that has been offered for bad roads is that in the summer when they are dry and smooth they do not need to be worked, and during the winter, when they get almost impassible, it is impossible to work them.

The question of good roads is being agitated all over the state more than ever before. From one end of Missouri to the other the question is being given serious consideration, and those informed in regard to the situation state that there is no reason why Missouri should not boast of the best roads in the land, as many of the necessary materials for their improvement are found within its borders.

WED ON NOVEMBER 23

Mr. Fred E. Etzbach, Sedalia, and Miss Bessie Rosenhan, Tipton.

Fred E. Etzbach, a Missouri Pacific brakeman, and Miss Bessie Rosenhan, daughter of Mrs. Anna Rosenhan, of Tipton, will be united in marriage at the Catholic church at Tipton on Tuesday, November 23.

The wedding will be a quiet affair, and will be followed by a luncheon at the bride's home, after which the couple will come to Sedalia to reside.

Mr. Etzbach is a son of Mr. and Mrs. Fritz Etzbach, the former the oldest letter carrier in point of service employed in this city. Like his intended bride, he has many friends, all of whom will learn of the approaching event with both pleasure and surprise.

WILL WED THIS EVENING

Mr. Francis M. Phenix and Mrs. Maud E. Fisher By Rev. Hart.

Francis M. Phenix, a Missouri Pacific locomotive fireman, residing on South Brown avenue, and Mrs. Maud E. Fisher, of 1709 Brown avenue, will be united in wedlock at the home of the bride-elect by the Rev. F. J. Hart, pastor of the Second Congregational church, at 8 o'clock tonight.

The ceremony will be a quiet affair, only relatives and a few friends attending. A supper will ensue. The couple will reside at the foregoing address.

Total of 944 Licenses.

Fifteen county hunters' licenses were issued today, making a total of 944 issued up to date.

FOUR FEET WATER

IN THE MISSOURI PACIFIC DEPOT AT FRANKFORT, IN THE STATE OF KANSAS.

VERMILLION CREEK BRIDGE GONE

Water in the Streets of Viliets and Vermillion—Great Damage Has Been Done in the Lowland Districts.

Atchison, Kas., Nov. 15.—Heavy rains between Effingham and Blue Rapids have completely annulled through service on the Central branch of the Missouri Pacific.

The bridge over Vermillion creek, near Viliets, was carried away and the tracks washed out in many places.

Four feet of water stand in the depot at Frankfort, Kas. Today there is water in the streets of Viliets and Vermillion.

Service on the Central branch will not be resumed before Tuesday.

Much Damage in the Lowlands.

Topeka, Kas., Nov. 15.—The Kansas river is falling slowly today, after having reached a height of 20 feet 9 inches last night. There has been little damage here, owing to the dikes, but west of Topeka water has inundated the lowlands, causing much damage to growing wheat and corn in shock.

At Belvue, Vermillion creek has left its banks, flooding the bottom land and driving a few of the more timid to the hills.

The Union Pacific railroad, whose tracks near Vamego are under water, has announced that traffic will be resumed today.

MRS. SCHMEDDING IS DEAD

Died of Uraemic Poisoning at 10:30 Sunday Forenoon.

Mrs. Dina Schmiedding, wife of Joseph Schmiedding, died from uraemic poisoning at her home, Fourth and Vermont, at 10:30 o'clock Sunday morning, following a three weeks' illness.

Mrs. Schmiedding was 27 years of age last June. Three weeks ago she gave birth to a son. Uraemic poisoning developed shortly afterwards, and since that date Mrs. Schmiedding has been hovering between life and death.

Deceased was married to Mr. Schmiedding three years ago last July. Besides her husband she leaves two children, a daughter, aged 2, and the son, born three weeks ago. She also leaves her father, Antoine Cook, of Montrose, and three brothers and two sisters.

The remains were taken to Germantown, Mo., today, where funeral services will be held at the Catholic church at 9 o'clock tomorrow morning. Burial will be at Germantown.

The following acted as pall-bearers at the train: J. L. Menke, E. C. McGurran, L. H. Archias, Will DeBolt, Frank DeBolt and Joseph Paradis.

KNEW MURDERED GIRL

Mr. Louis Pupkin Speaks Highly of Late Miss Pelly.

Mr. Louis Pupkin, of the Pupkin-Soltz Dry Goods So., Sedalia, Mo., Cairo, Ill., and St. Louis, is visiting Mr. Soltz here today. Mr. Pupkin was at Cairo, Ill., the day prior to the assault and murder of Miss Pelly, a young lady clerk in his store there, which tragedy was followed by the lynching of a negro who confessed to the crime and also the lynching of a white man, charged with wife murder.

Mr. Pupkin said Miss Pelly had been in his employ for several years and was held in high esteem by her employers and other associates in the store, as well as by all who knew her, and her death was generally mourned.

Candidate for Justice of Peace.

Edward L. Zoellig, formerly a deputy under Constable L. H. Kahrs, and prior to that time employed in the M. K. & T. shops in this city, will be a candidate for the republican nomination for the office of justice of the peace at the November election in 1910, having decided to make the race at the urgent solicitation of numerous friends.

Mr. Zoellig at present is employed as clerk for Peace Justice J. B. Rickman.

WASHINGTON MEMORIAL.

Calling upon 80,000,000 Americans to pay the moral debt they owe to the father of their country, a national movement to erect for George Washington a memorial to carry out the ideas he asked and provided for on his death bed has just been set on foot.

Headed by the George Washington Memorial association and backed by the Washington Academy of Sciences and many patriotic, educational, literary, medical, art and scientific bodies, a wide-spread campaign is to be begun at once to furnish this nation with a George Washington memorial building at its capital for the use of "every institution for the diffusion of knowledge."

With the dollars and dimes of every man, woman and child who would see Washington's dearest wish fulfilled on the coming 178th anniversary of his birthday, it is proposed to build, brick by brick, this \$2,500,000 national auditorium and headquarters, where it is sadly needed by every American organization for promoting science, patriotism, art literature and education.

In the last will and testament of George Washington, the leaders in this new memorial project are showing the warrant for all Americans to carry out the plans of their first president for furthering the intellectual advancement of this new nation. By this instrument Washington personally provided \$25,000 for the endowment of an institution of higher education, it is pointed out, and expressed a wish for the promotion of science and literature, which has still to be carried out by the people who owe to him their country.

To provide a national center for every organization now working toward Washington's ideals of the general spread of knowledge is the patriotic duty of which the George Washington Memorial association is preparing to present to all the people.

Already the active support of the National Academy of Sciences, the American Medical association, the

National Federation of Arts, the Association of American Physicians and scores of similar organizations has been pledged to the work of raising funds for the erection of the George Washington Memorial hall. Leaders in these and other learned and patriotic societies declare that the lack of such an adequate auditorium in the city of Washington has been a constant source of shame to all bodies that represent America to the world. International or even national conventions are at present either blocked or disgracefully bungled at the capital of this country, solely for the want of just the accommodation that the proposed Washington memorial structure would afford.

TOUGH ON TAMMANY.

Citizens of New York are still casting up the probable results of the municipal election. In a general way it may be said that the better elements of the city are fairly well pleased with the outcome.

It is true that the Tammany candidate for mayor has been elected, but his party has been entirely shut out from the administration of the city's finances. That is a severe blow for Tammany and what makes the pill so much more bitter is the fact that the machine will remain shut out not merely for two years, but for four.

Considering the fact that the city's finances have been saved from the Tammany horde for four years, the city can well afford to put up with a Tammany mayor for that length of time. Let the future take care of itself.

One of the swell dames of Gotham's "400" has grown a weary of the tediousness of monkey dinners and of lobster luncheons, and the other evening at her country home she pulled off a real prize fight for the amusement and edification of her guests. It was a finish fight, with all the paraphernalia and trimmings of the ring, and the spectators were all a-quiver with excitement when the blood began to flow. The pug in the ropes pounded each other until one of them dropped down and out. It was a great day for society, culture and art!

Pennsylvania coal companies sprinkle their loaded cars with whitewash in order that theft will leave evidences of disturbance. Anything Pennsylvania does not know about the use of whitewash is not worth mentioning.

Dr. Cook reached the pole by degrees, and now the colleges are getting back at him by degrees. They have awarded him two degrees already, but Commander Peary wants to give him the third degree himself.

The distilleries of Illinois paid to the government in revenue tax the last fiscal year over \$36,000,000, which is \$2,000,000 more than ever before.

On the other hand, being reminded of the fact that there is a duty of 60 per cent ad valorem on toys doesn't cheer the ultimate purchaser along much toward his Christmas shopping.

The youth who says he is completely stuck on a girl does not realize how badly stuck he is until a year or two after he has married her.

When a fellow likes to hold a girl's hand she may be justified in calling him a muff.

The man who discourses on the evils of laziness generally sits down to do it.

Arranging for a Concert.

"Ye old folks" are arranging for a concert to be given during the Christmas holidays at the Broadway Presbyterian church.

Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all dealers.

a fire at 8 o'clock this morning, causing \$10 damage, which is covered by insurance.

Letter to Mr. J. C. Cassidy, Sedalia, Mo.

Dear Sir:—Devco is worth \$4 or \$5 a gallon, put on; how much is another paint worth?

Depends on how many gallons you've got to put on, to be equal to one of Devco.

Mr. J. J. Hall, Sheffield, Pa., painted two houses one coat, five years ago, lead-and-oil, took 40 gallons.

Last summer bought 40 gallons Devco for same houses; had 10 gallons left.

Mr. N. Avery, Delhi, N. Y., owns two houses exactly alike; painted one with Devco; took 6 gallons. The other with some other; took 12 gallons.

What'd you give for those off paints? Bear in mind, you've got to pay for the painting. Yours truly,

F. W. Devco & Co., New York and Chicago.

P. S.—Arlington Pharmacy sells our paint.

A BELL PHONE IN YOUR HOME \$1.25 PER MONTH.

Give Euchre at Night.

The progressive euchre to be given by the ladies of Sacred Heart church Thursday will be given that night instead of during the afternoon.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all dealers.

A BELL PHONE IN YOUR HOME \$1.25 PER MONTH.

PACKED THE PLACE

(Continued From Page 1.)

been put to death. He was raised from the dead, it proves to a demonstration that back of the works He performed, back of the resurrection of Jesus Christ, is God. There is a God. The history of the individual Christian proves that there is a God. I know there is a God because I have personal dealings with Him every day of my life.

God is great. That thought comes out of the Bible, from the first verse to the last. On, the majesty of God, the infinite greatness of God! This whole universe about which we have been learning such wonderful things every day is His creative work.

God is holy. How the Bible in every page brings that out! How it labors with its types, sacrifices, ceremonies, explicit teaching, to impress upon men and women that God is holy. Perhaps the supreme expression of it is in I John 1:5, "God is light and in Him is no darkness at all." Men and women of Sedalia, if there should burst upon this audience tonight a real vision of God in His holiness, this great gathering would fall on their faces and cry, "Woe is me, for I am undone." Not one of you could keep your seats.

We must all meet God. You and I some day must meet this holy God. Every man and woman here must some day meet God. Are you ready? If not, I implore you to get ready before leaving this tabernacle tonight. How can we meet God with joy and not with despair? That ground is the atoning blood of Jesus Christ. God is infinitely holy, and the best of us is but a sinner. The only ground upon which a sinner can meet a holy God is on the ground of the shed blood, the blood of Christ. Any one of us, no matter how outcast or vile, can go boldly into the holy of holies on the ground of shed blood, and the best man or woman that ever walked this earth can meet God on no other ground than the shed blood. There is only one adequate preparation for the sinner to meet God, that is the acceptance of Jesus Christ as his personal Savior, who bore all our sins on the Cross of Calvary, and as our risen Savior who is able to set us free from the power of sin. Men and women, are you ready to meet God? Will you get ready to meet God tonight?

The Afternoon Sermon.

Following is an outline of the afternoon sermon:
The Most Effective Method of Soul Winning.

John 1:41-42—"He first findeth his own brother Simon...and he brought him to Jesus."

The one who brought his brother to Jesus in this passage was Andrew. We are not told that Andrew ever preached a sermon in his life. If he did, the Holy Spirit did not think it was worth putting on record; but this brother whom he brought to Jesus preached a sermon that led three thousand people to Jesus in one day. Where would Simon Peter's sermon have been if it had not been for Andrew's personal work? The most important kind of Christian work in the world is personal work. We look at the men who stand on the platform and speak to great crowds; but I believe God pays more attention to the man who sits down with a single soul.

Have you ever thought of the tremendous power that there is in personal hand-to-hand work? I want to talk to you about the advantages of personal work.

The first advantage is that anybody can do it. You cannot all preach. I am glad you can't. What an institution this world would be if we were all preachers! You cannot all sing like Butler and Young. I am glad you can't, for if you could there would be no attraction and you would not come out to hear them sing and give me a chance to preach to you. There is not a child of God that cannot do personal work. A mother with a large family knows she is not called to be a preacher (at least I hope she does), but she can do personal work better than anybody else. An invalid can do personal work. Suppose God kindled a fire right here in your hearts, and that you received the anointing of the Spirit of Christ, and every one of you should start out to do personal work. You would not need any evangelists to come from abroad. That is what we have come for, to stir you up to do it.

The second advantage is that you can do it in any place. You cannot preach in every place. You can preach in the churches two or three times a week; you can preach in the streets sometimes. But you cannot go into the factories and preach often, but you can go there and do personal work. There is not a hotel, or a factory, or a saloon where you cannot do personal work.

The third advantage is that you can do it any time. Any hour of the night 365 days in the year. Certainly you cannot preach every hour of the day. But there is not an hour of the day or night, between 12 one night

and 12 the next night, that you cannot do personal work.

The fourth advantage is that it reaches all classes. There are a great many people that cannot be reached in any other way than by personal work. Thousands of people could not come to church if they would, and thousands would not come to church if they could. There is not a man, woman or child in this city who cannot be reached by personal work.

The fifth advantage is that it hits the mark. In preaching you have to be more or less general. In personal work, you have just one man, just one woman to talk to, and you can hit the mark every time. We have a wonderful power of applying the good points of a sermon to somebody else. When it comes to personal work, there is nobody else to apply it to. I try to be personal in my preaching; but, be just as personal as you can, and yet you will miss the mark. The minister can preach all he please, but when he looks you right in the eye you know it means you. It aims right straight at the mark and hits it.

The sixth advantage is that it is effective. Personal work succeeds where every other kind of work fails. I don't care who the preacher is, how good a preacher he may be; a man or woman who has not been affected by the sermon will be reached by some very ordinary person with the love of God and of souls in his heart.

The seventh advantage is that it meets the specific need and every need of the individual. Even when a man comes to Christ, he has doubts and difficulties and troubles and questions. He cannot ask them of the preacher. In personal work you give specific passages of Scripture for specific difficulties.

The eighth advantage is that it produces abundant results. The great services, where the ministers speak to 500 or 1,000 or 5,000, do not produce as abundant results. Suppose a man were pastor of a church of 100 members, and suppose he was a very faithful minister, and that as a result of his preaching there were added fifty to his church each year on confession of faith. That would be a pretty good record. Now suppose that pastor said, "I am going to train my people to do personal work," and trained his people to do personal work, and suppose only one-half of them would consent to do it. Suppose that these fifty trained workers only succeeded in winning one a month apiece to Christ. That would mean 600 a year. Preaching is not in it with personal work.

The best way to learn how to do personal work is to do it. If, however, you make a stupid blunder the first time, go at it again. But if you never start until you are sure you will not make a blunder, you will make the biggest blunder of your life. Go alone with God first, and see if you are right with God; put away every known sin out of your life, surrender absolutely to God, ask for the Holy Spirit and then pitch in.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserably of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1.00.—Scotten Drug Company.

Adopted a Little Boy.

J. A. Barnum, a Missouri Pacific machinist, and wife, living at 1018 South Vermont avenue, have adopted an 8-year-old boy from the Christian Orphans' home in St. Louis.

Cleared \$23 at a Social.

An oyster social was given at the Woodland school, twelve miles north of Sedalia, Saturday night, the sum of \$23 being cleared. Miss Georgia Rayburn is the teacher of the school.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health. There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all dealers.

A BOMB KILLED TWO

Attempts Suicide After Assassination at Buenos Ayres.

Buenos Ayres, Nov. 15.—The chief of police of Buenos Ayres, Senor Falcon, and the police secretary were assassinated yesterday while driving in Callao street.

A man, supposed to be a Russian anarchist, but not yet identified, suddenly sprang from a secluded spot where he had been in waiting and threw a bomb directly under the carriage.

The carriage was blown to pieces and both Senor Falcon and the secretary were terribly injured. They were carried to the sidewalk and later were transferred to a hospital, but both died shortly afterward.

Immediately on throwing the bomb the assassin drew a revolver and shot himself. The wound, however, is not expected to prove fatal.

A 12-ACRE MUSIUM

New \$15,000,000 Fine Arts Building in Boston.

Boston, Nov. 15.—Boston's magnificent new Museum of Fine Arts in the Fenway was thrown open to the public today, with its \$15,000,000 worth of treasures.

Massive in its proportions, built of cut stone in Greek and Roman style, the new museum building, which was erected through private subscriptions, covers twelve acres.

The east wing of the main building

Phones 92.

contains a collection of Greek and Roman relics, while the west wing is filled with Chinese and Japanese collections.

Other sections are given up to Egyptian collections, while tapestries and paintings, old and modern, take up a considerable area.

MAKE DYSPEPSIA VANISH

A LITTLE DIAPEPSIN MAKES STOMACH SUFFERERS FEEL FINE AGAIN.

DON'T KEEP ON BEING MISERABLE

Distress from Stomach Gas, Heartburn, Indigestion and Headache Goes in Five Minutes—Get Some Now and End All This Forever.

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of Dyspepsia, Indigestion or any other Stomach trouble.

Meeting of the Alliance.

The regular meeting of the Ministers' alliance was held this morning, a large attendance being present, including Dr. Torrey. About the only business for transaction was discussions pertaining to the Torrey evangelistic services, which have resulted in about seventy-five conversions to date.

POULTRY RAISERS

TWO BIG MEETINGS HAVE BEEN ARRANGED BY MISSOURI STATE BOARD.

STATESHOW AT ST. LOUIS, DEC. 6-11

The Poultry Institute at Columbia on December 29-30—Week's Program for the Big State Exhibition.

Special to the Democrat-Sentinel.

Columbia, Mo., Nov. 15.—The state poultry board has arranged for two of the greatest gatherings of farmers and poultry raisers ever held in Missouri, if not in the entire United States.

The State Poultry institute will be held at Columbia in the new state agricultural college, December 29-30, during Farmers' week. Three noted poultry lecturers and judges have been engaged to conduct the institute and give practical demonstrations. Dr. A. A. Brigham, principal of the School of Agriculture at Brookings, S. D.; Rola C. Lawry, professor of poultry husbandry in Cornell university, and D. E. Hale, a noted judge and writer, will each be present to instruct the farmers and poultry raisers in all practical questions pertaining to foods, feeding, incubation, breeding, caponizing, judging and general poultry and egg farming, both upon the farm and as a special business. Noted speakers for all branches of agriculture will be heard, and the dedication of the new agricultural building on December 31 will be a feature. Don't miss this meeting. It's a year's course in poultry husbandry boiled down into two days.

The state poultry board has arranged for the state show to be held in the Coliseum in St. Louis December 6-11, and this promises to be the largest display of thoroughbred poultry ever seen under one roof. Many states will compete for the prizes, but Missouri poultry raisers have always won more than 75 per cent of the prizes and will do so in this show. The big eastern breeders are sending to Missouri for show birds. This is a show especially for Missouri poultrymen, and every Missourian who raises poultry of any consequence should exhibit a few birds at this, his own state show.

The prizes offered are the largest paid at any poultry show in America. Uniform exhibition coops are furnished free to every exhibitor. The largest and finest show room in the United States. Thousands of people to see your poultry; \$100 cash specials offered on turkeys, and Missouri is admitted to produce the finest turkeys in the world; \$50 silver cup for the largest display. Lots of silver cups, cash specials, etc., offered on every variety; \$10 in cash for the best display of each and every variety of poultry shown by Missouri poultry raisers. The program for the week follows:

Monday—Poultry Judges' day.
Tuesday—St. Louis Mayor's day.
Wednesday—Governor's day.
Thursday—American Poultry Association day.
Friday—State Officers' day.

PASTOR WAS FREED

WIFE WENT AWAY WITH MAN SHE ALWAYS CALLED HER "SOUL MATE."

THE WOMAN IS 45 YEARS OF AGE

"Affinity" is Fifteen Years Younger—Divine Was Willing to Forgive and Forget, But the Spouse Said Nay.

Youngstown, O., Nov. 15.—"He is the only one I love, my soul mate," are the words alleged to have been uttered by Mrs. Joan W. Geier, the wife of the pastor of the German Reformed church of Petersburg, this county, when the husband followed his 45-year-old wife and her lover, fifteen years younger, to Wooster, O., in December of last year.

A divorce was quickly granted by Judge Robinson, of the common pleas court, on Saturday afternoon on the husband's testimony.

Winter, a friend and protege of the husband, came into the household as a friend. He was there day after day.

The husband found them together at infatuation of his wife for the young man and pleaded with her. She disappeared from the house, and the same day Winter left the village.

The husband found together at Wooster. He was willing to take her back, even then, but she refused. They were married in 1891.

BURIAL OF A SUICIDE

Earl Bullock, Who Twice Robbed a Kansas Bank.

Kansas City, Mo., Nov. 15.—In an obscure section of Elmwood cemetery the body of Earl Bullock, the Endora boy bank robber who died Saturday morning of a self-inflicted bullet wound, was buried at 10:30 o'clock yesterday morning without religious service, pall-bearers or flowers.

The body was in a plain coffin and was taken to the cemetery in an undertaker's ambulance. J. A. Bullock, sorrow-stricken father of the boy, and the driver of the ambulance were the only attendants at this odd funeral.

They've Been Married

The wedding invitations were very pretty—everybody said so. We did them—that's why. May we do yours?

SHOT SIX WATERPOUTS

Steamer Captain Disintegrates Six Big Ones With Shotgun.

Boston, Nov. 15.—A shotgun in the hands of Captain Cooper, of the steamer Hannah M. Bull, which arrived yesterday from Progresso, Mexico, proved successful in breaking water spouts which threatened his vessel.

When fifty miles off Cape Hatteras last Wednesday the steamer encountered the recent westerly hurricane in a mild form. Six great water spouts reared themselves out of the sea dangerously near the steamer, but were disintegrated by the captain's well-aimed shots.

Your New Fall Suit is ready. Loewer's, Tailor.

MOUNTAIN ROADS OF EUROPE

Generally Kept in Better Repair Than Those Throughout the Level Country.

Mountain roads throughout Europe are generally kept in better repair than those throughout the level country, and Spain is no exception to the rule. The road from the frontier station to San Sebastian, however, was so good that it led us to anticipate the same excellent conditions everywhere—a wish that proved to be father to the thought. The climb up the Pyrenees to the long level plateau of Old Castle was accomplished just after a heavy rainstorm. We missed the protesting walls of stone that guard the turns in the Alpine passes, but beyond that, and some mud in the level places, the ascent was comparatively easy.

They Also Suffered.

Miss Belle Kinney of Nashville has completed, with apparent success, a design for a monument fitted to be chosen as a memorial to the southern women, who, equally with the men of the Confederacy, suffered for the "lost cause." The first design for a monument, submitted by an Italian sculptor, depicted the southern woman as an amazon carrying a sword in one hand and the banner of the Confederacy in the other. This was rejected as contrary to all truth concerning the southern woman and repugnant to the sentiment of the southland. The southern woman was the exact reverse of an amazon in every attribute, physical or mental, save that of indomitable courage to bear the sufferings inflicted upon her through the conditions of war. Miss Kinney's conception of her character appears infinitely more in keeping with the enduring tenderness and loyalty of her real nature.—Baltimore Sun.

Bunker Hill Monument.

The Bunker Hill monument is a tall obelisk of Quincy granite on Breeds hill, now called Bunker Hill. It is 231 feet in height, 30 feet square at the base and five feet square at the apex. A spiral flight of 295 steps, inside this shaft, leads to a chamber 11 feet square immediately under the apex. The corner stone was laid on June 17, 1825, the fiftieth anniversary of the battle, by Lafayette while on a visit to this country, and the oration was delivered by Daniel Webster.

"If I Could Only Room In One of Those Residences."

How often have you heard some young man of your acquaintance make this remark as he passed by some big homelike houses in Sedalia? Or perhaps you have said it yourself.

Those homes with their wide, shady porches and big yard with wooden swings and croquet grounds don't look much like the crowded, weather-worn affair which, for \$3.00 a week, you are permitted to call your "home."

It is not at all impossible for you to room in one of these fine homes if you go about it in the right manner.

Such homes as these don't rent rooms for profit, so consequently they do not advertise them. But they know how young men feel in a strange city and are often willing to have the right sort of a young fellow come into the influence of their family circle.

Your only way of reaching these people is through a want ad in the Democrat-Sentinel, and if you state your case in a simple, straightforward way that carries the right ring with it, mentioning the location you desire, you will find this suggestion both practical and profitable in ways that work out in the development of your character.

3 Lines—1 Time—25c—Cash. 3 Lines—6 Times—75c

Whose Dog Is This?

A fine bird dog, with a plain collar, strayed onto Missouri Pacific train No. 9 this morning, causing considerable annoyance to Conductor P. F. Sullivan.

The canine, without a keeper, boarded the train in this city. It was carried to Pleasant Hill and turned over to the baggage master.

MR. CARROLL DEAD

(Continued from Page 1).

trious and hardworking, with a kind word and pleasant smile for every one, he made a legion of friends in the Queen City, all of whom will read of his sudden demise with sorrow, at the same time joining with the Democrat-Sentinel in extending heartfelt sympathy to the bereaved relatives who survive him.

Suits That Fit—Fits That Suit Weisburgh's, Men's Tailor,

The Big Show at Lamonte

WORK OF NO AVAIL

EDWARD CONN, DEFENDED BY
GIRL HE LOVED, GIVEN
TEN YEARS.

ROBBED A MISSOURI POSTOFFICE

Oklahoma Girl, Who Spent \$2,500 in
His Defense, to Take Case to
Appeals Court—Never Went
Back on Her Lover.

St. Louis, Mo., Nov. 15.—Edward Conn, alias Lewis, who admits that his real name is Charles Davis and that he comes of a good family at Zanesville, O., was found guilty by a jury in the United States district court Saturday and sentenced by Judge D. P. Dyer to serve ten years in the federal penitentiary at Fort Leavenworth for alleged participation in the robbery of the Wellsville, Mo., postoffice April 15, 1909.

Conn's case was hard fought and his conviction was secured in spite of the efforts of his fiancée, Miss Minnie Easley, of Sapulpa, Okla., who employed one of the best criminal attorneys in her state and came to St. Louis to defend her lover.

Miss Easley spent more than \$2,500 for Conn's defense. She was a constant spectator at the trial, which opened last Tuesday, and wept piteously when Judge Dyer pronounced sentence on her sweetheart. She declares she will stand by Conn and take the case to the United States circuit court of appeals.

Thomas W. Priest, Ed Lewis and John Doe, who were arrested with Conn, pleaded guilty Tuesday. Priest was sentenced to five years and Lewis and Doe to seven years each at Fort Leavenworth.

After his arrest, Conn made a confession to Inspector A. D. Bunson, giving minute details of the robbery. The confession is said to have been inspired by a belief that Miss Easley had given evidence against him. When he learned that she had not, but was ready to defend him, he recanted and denied participating in the robbery.

Priest, who was one of the principal witnesses for Conn testified that he did not meet the defendant until May 20, more than a month after the robbery.

The government, however, introduced witnesses who positively identified Conn as one of four men seen in the vicinity of Wellsville about the time of the robbery. The government attorneys also made a strong point of his confession, declaring he could not have imagined details so minutely descriptive as those related to Inspector Bunson.

WAS SLAIN ON A TRAIN

Slasher and Brother Wounded By
Their Own Knives.

Paris, Ky., Nov. 15.—James McKee was fatally wounded in a fight

which took place on the Louisville & Nashville train which left here late Saturday, and in a panic which followed among the passengers several were trampled and some seriously injured.

McKee was attacked by Cleveland Stafford, who was armed with a knife, and nearly decapitated with one slash. James Cox then felled Stafford and a brother, William Stafford, with a club. Both of the Staffords were wounded by falling on their own knives.

McKee's wife was aboard and had to be restrained from throwing herself from the window.

The cause of the conflict is not known. Cleveland Stafford is in jail here.

BOHEMIAN COLONY

OVER SIXTY-FIVE FAMILIES
HAVE LOCATED NEAR
BOLIVAR, MO.

A FARM OF 360 ACRES OR MORE

Utilize Practically Every Foot of the
Land and Are Looked Upon as
Good Citizens in All the
Term Implies.

Special to the Democrat-Sentinel.

Bolivar, Mo., Nov. 15.—Over sixty families compose the Bohemian colony near Bolivar which is proving to be an important factor in the development of the county. The colony is the most prosperous one in Missouri and is still growing, as eight new Bohemians have purchased farms since the first of June. Many of the industrious foreigners own farms of 300 acres or more. They utilize practically every foot of the land. Stock raising occupies a good deal of their attention and is one of their most important sources of income.

Prices of land in this vicinity are reasonable and a number of the Bohemians are buying land as an investment. They are shrewd in their dealings and prefer to hold their property after securing it instead of selling it for a reasonable good profit, in hopes of getting more later on. As a rule they are well thought of and are well treated by all who deal with them. Charles F. Allen, special agent of the United States immigration commission, has been inspecting the colony and says that he is well pleased with conditions and the progress that has been made.

According to Mr. Allen, similar colonies are flourishing in various parts of the country, especially the south. A number of them have recently been established in Arkansas, Louisiana, Texas and other southern states.

LIPTON IS TO CHALLENGE

Comes to Understanding With New
York Yacht Club.

New York, Nov. 15.—It was said at the Lambs club, where Sir Thomas Lipton had been a guest of the trustees of the Larchmont Yacht club, that he has come to an understanding with the New York Yacht club regarding the conditions under which another race for the America's cup may be sailed in 1911.

His next challenge, it is understood, will be so framed as to meet with the approval of the governors of the New York Yacht club.

PROMOTION FOR PEARY

Explorer to Be Given Rank of Captain
October 20, 1910.

Washington, Nov. 15.—Commander Peary, the Arctic explorer, will be promoted to the rank of captain October 20, 1910, according to Assistant Secretary Withrop of the navy department.

On that date Capt. U. S. G. White will be retired on account of age. Peary is the only civil engineer in the navy with the rank of commander, and his promotion to a captaincy will come as a natural advancement.

WILL CONTEST ELECTION

Nineteen Votes Between Candidates
for Mayor of Los Angeles.

Los Angeles, Cal., Nov. 15.—Papers have been prepared by attorneys representing W. C. Mussett, candidate for the nomination for mayor at the recent primary election, for a contest of election returns and will be filed today.

At the close of the count by the city council, George A. Smith led Mussett by nineteen votes.

SAYS HE IS INNOCENT

Man Wanted in Connection With Murder Sends a Telegram.

Oklahoma City, Ok., Nov. 15.—"I am innocent and can prove an alibi." This is the substance of a telegram received by Sheriff Garrison today from a man signing himself "C. M. Kryder," at Gremola, Kas.

Kryder is being sought by the authorities in connection with the murder of R. D. Cannon, which occurred here recently.

The telegram does not intimate the writer's intention of returning to Oklahoma City.

CALLED TO KANSAS CITY

Rev. C. B. Gohdes, of Baltimore, Coming to St. John's Lutheran.

Baltimore, Md., Nov. 15.—Rev. Conrad B. Gohdes, pastor of St. Peter's Evangelical Lutheran church, has resigned to accept a call to St. John's Lutheran church, of Kansas City, Mo. He expects to leave for his new charge within a few weeks.

The vestry and voting members of St. Peter's congregation were officially notified after the morning service yesterday by the pastor that he had accepted the call.

Rev. Mr. Gohdes was installed as pastor of St. Peter's on October 11, 1908. He came to Baltimore from San Antonio, Texas, where he had served a large congregation. He has also served in New Orleans.

Rev. Mr. Gohdes is one of the most scholarly ministers who has served a charge in Baltimore, and in addition to being the author of many articles in various church papers and translator of numerous works, speaks fluently in English, German, French, Spanish, Latin, Greek and Hebrew.

W. E. Reding and wife will leave tomorrow for a ten days' visit with relatives and friends at Booneboro, Boone county. Mr. Reding is employed in the Missouri Pacific shops.

P. Madigan, of Milwaukee, Wis., representing the American Appraisal Co. of that city, and a cousin of Edward Donnelly, is in the city on business and meeting acquaintances.

W. G. Shock, of Sedalia, spent Saturday here visiting his son, Theodore Shock, cashier of the American bank, and shaking hands with his many friends. Mrs. M. E. Major, of Sedalia, is visiting her son, Sam Major, and wife.—Warrensburg Star, 15th.

THE CHURCH OF CHRIST

Mrs. Stetson Said to Have Gone to Answer Charges.

New York, Nov. 15.—Mrs. Augusta Stetson, deposed leader of First Church of Christ, Scientist, did not attend services yesterday and it was said at her home that no information could be given of her whereabouts.

One of the leaders of the faction opposed to her said later that Mrs. Stetson had signified her intention of going to Boston to face the latest charges made against her.

Farlow Hadn't Heard It.

Boston, Nov. 15.—When told of Mrs. Stetson's reported intention to come to Boston to face charges Alfred Farlow, chairman of the publication committee of the Christian Science church, said:

"I have no information whatever regarding the movements of Mrs. Stetson."

Mrs. Augusta E. Stetson arrived from New York on a late train last night and immediately went to the Hotel Touraine, where she engaged rooms. She refused to receive newspaper men.

AVIATOR SAVES THE BABY

Deliberately Wrecks Biplane to Avoid Collision.

New York, Nov. 15.—The first instance of an accident that may be common enough in the near future occurred at Morris park yesterday, when an aeroplane was deliberately run into a fence and smashed to avoid collision with a man who had a baby in his arms.

Dr. William Green was about to alight from a practice flight last afternoon when he saw a man with a baby crossing his path. Seizing the tiller he brought his machine about and crashed into a fence.

The biplane was smashed, but Dr. Green stepped out of the wreckage unharmed, as the crowd of spectators cheered him.

DRUGGED THREE FAMILIES

Physicians Puzzled Over Powerful Opiates Burglars Used.

Cleveland, O., Nov. 15.—Leaving a train of drugged victims behind them two burglars early yesterday morning stole all the loose jewelry and cash they could find in three houses on East Fifty-seventh street, near Central avenue, S. E. The drug that was used is puzzling the officers.

Beyond the fact that both men drank beer and smoked cigars they left no clue behind. The evidence of their drinking and smoking was left at one of the homes visited. Here were two empty bottles and glasses and the stubs of two cigars.

BODY FOUND IN CHIMNEY

Boy Disappeared From His Aunt's Home Ten Days Ago.

New York, Nov. 15.—The body of 5-year-old Frank DeRosa, who, it was supposed, had been kidnapped ten days ago, and for whom wide search had been made, was found yesterday jammed in the top of a chimney at his aunt's house on East Sixty-third street, where he had been visiting with his mother when he suddenly disappeared.

It was the coroner's opinion that the boy had been strangled and pushed down the chimney.

TWO KILLED IN COLLISION

Women Crushed Under Wheels of Car That Hit Carriage.

San Francisco, Nov. 15.—Mrs. Mary Callaghan and her 7-year-old niece, Katherine Brown, were crushed to death yesterday beneath the wheels of an electric car near Ingleside, when the buggy in which they were riding was struck by the car.

Autumn

When the leaves begin to turn it is time for man to begin to systematize his affairs—busy season, winter coming.

You need a reliable watch—something sure.

You need an alarm clock these cool mornings.

And then the fall and winter social functions demand little things for prizes.

Convenient store—accessible, and full of interesting things.

Ormond & Klueber,
316 OHIO STREET.

ACTUAL SAVINGS

of From \$5.00 to \$20.00

on any Women's and Misses' Suit in the store

Our suit sales thus far this season are greatly in excess of those of last year—but we expected this, as each season has doubled the foregoing one ever since we began business. Of course we prepared on a larger and more extensive scale this season than ever before, and have shown suits this season by the hundreds when in other years we've shown dozens. In spite of our big business our stocks are over large and must be reduced immediately. Therefore we use the mighty lever of powerful price reductions and quote prices in this great sale that are sure to accomplish the end speedily.

January Reductions In Mid-November

Giving you two months more wear out of the suit and reducing prices to the level of the expected January sale.

Every suit in the store reduced.

| | |
|---|-------|
| Former \$50 and over suits..... | 35.00 |
| Former \$42.50, \$39.75 | 25.00 |
| \$37.50 & \$35 suits..... | 19.75 |
| Former \$32.50, \$29.75 & \$25 suits..... | 15.00 |
| Former \$22.50 & \$19.75 suits..... | 12.50 |

Coats Reduced

The greatest reduction ever named so early in the season. We bought these coats within the past fortnight, and owing to the continued warm weather, secured them from a leading New York City maker who was overstocked because of lack of coat weather. We now offer these coats at prices greatly reduced from regular value, giving you the benefit of our fortunate transaction.

| | |
|--|-------|
| Regular \$12.50 and \$10.00 women's and misses' long coats..... | 7.75 |
| Regular \$13.75, \$15.00 and \$16.50 women's and misses long coats..... | 10.00 |
| Other coats special at \$15.00, \$19.75 and \$25.00 which are equally as good bargains as those above. | |

Especially attention is directed to our north window display of these special offerings.

AMUSEMENTS

Manager Wood, of Wood's opera house, has announced the engagement of the Hamlin and Mitchell "Bates in

Toyland," produced by a company of seventy players and requiring two solid carloads of scenery and effects for proper presentation, will certainly be the event of the theatrical season here. The book is by Glen MacDonough, and the music is the work of Victor Herbert, and the company was drilled and trained in its work by Julian Mitchell.

It is for the local theater goes to prove their willingness to support such a high class production, and thus make the task of Manager Wood all the easier in future strong bookings.

"The Girl From Rector's."

Following its run of an entire season at Weber's Music hall, New York, "The Girl From Rector's" will be seen in this city at Wood's opera house Sunday night, Nov. 21.

Paul H. Potter is the author of the work, and despite the fact that his past has been identified with plays of a serious nature, he hit upon a vein of humor in "The Girl" which astonished even his most ardent admirers. It is a long step from a play of the nature of "Trilby," of which he was the author, to an offering like that of his latest creation. The New York critics declare that he has made a name for himself in the world of comedy which will survive his former reputation. There is not a dull line throughout "The Girl From Rector's" and not a situation that can not be understood and appreciated by anyone. The success of the piece may be judged from the fact that its earning capacity at Weber's was many times greater than that of the same house when the Weber & Fields offerings there were the sole topics of New York's theater-going public.

\$2.50 Shoes.

We have a good assortment of men's heavy work shoes that we are selling for \$2.50, equal to the \$3.00 shoes usually sold. Our Figaro and Hand Sewed Welts we sell for \$3.50 equal to any \$4.00 shoe on the market.—Cain's Cash Store.

SENT HIM TO JAIL

(Continued from page 1.)

nooga a mob stormed the jail, took the prisoner out and lynched him.

The court was much incensed at the lynching, and at its instance the attorney general instituted proceedings against Sheriff Shipp, Jailer Gibson and twenty-five others supposed to have been implicated in the lynching, charging them with contempt. Many of the accused were exonerated and in the end only six were found guilty.

The finding of the court was announced in May, just before the closing of the last term of court, but all the defendants entered motions of rehearing, which

set of postponing action until this fall. On Nov. 1 rehearing was denied and the six men were ordered before the court for sentence today.

In investigating the case the supreme court found that Johnson was removed from Chattanooga to Nashville before his trial, because of fear that he would be lynched. He was brought back for the legal execution. When the supreme court stayed the execution, the court has held, Shipp made no effort and gave no orders to have the deputies or others guard the jail, but left the night jailer, Gibson, there alone. That evening a white male prisoner was removed from the upper floor of the jail, leaving only Johnson and a white woman on that floor. The court pointed out that this same man had been removed in the same way at the time of the first attempt to lynch Johnson, which had been frustrated by the removal of the negro.

Shipp lived only a few blocks from the jail and when he was notified by the trial judge and the prosecuting attorney that a mob was at the jail, went there alone. Although for an hour in the midst of or near the mob, the court held he did not seek to obtain information so that he could identify any of its members.

The court in finding Shipp guilty commented on an alleged interview alleged to have been had with Shipp. "The people of Hamilton county were willing to let the law take its course until it became known that the case would probably not be disposed of for four or five years by the supreme court of the United States," it quoted Shipp as saying. "But the people would not submit to this, and I do not wonder at it."

Chief Justice Fuller, in pronouncing Shipp guilty, said that this reference to "people" was significant, "for he was a candidate for re-election and had been told that his saving the prisoner from the first attempt to mob him would cost him his place, and he had answered that he wished the mob had got him before it did."

The court held that Gibson must have believed a mob would attack the jail the night Johnson was lynched, but although he was in charge of the jail more than two hours before its arrival, he made no effort to summon assistance to repel the attack. The testimony of Mrs. Baker, a white prison, to the effect that Gibson told her before the mob arrived that it was coming and for her to get to her cell, was referred to.

Williams and Nolan participated in the lynching, the court held upon the strength of direct testimony to that effect. Statements made by Padgett and Mayes were held as evidence of their guilt.

ARE COMING TO SEDALIA

Bridal Couple to Be Married at Boonville Wednesday.

Mrs. W. E. Wentzleman will leave Tuesday morning for Boonville, where, on the following morning, she will attend the marriage of her cousin, George Hayes, to Miss Gertrude Felton, daughter of a wealthy farmer near Prairie Lick, Mo.

The ceremony will be performed at the Catholic church at Boonville at 9 a. m. At 11:30 o'clock a reception and luncheon will be given at the bride's home, after which the bridal couple will come to Sedalia for a few days' visit.

They will be at home to friends at Boonville after December 1.

Mr. Hayes is employed in Victor Bros.' clothing store.

MURDER CASE IN COURT

Dr. E. A. Wood Appointed to Examine Dr. Simonds.

The case of Dr. W. T. Simonds, Everett Casto and G. H. Corbett, charged with manslaughter in connection with the death of Anna Bell, a 19-year-old domestic, was called for trial at the opening of criminal court today.

Dr. E. A. Wood was appointed to examine the defendant, Dr. Simonds, and on his report to the court Judge Hoffman ordered a severance.

Defendant Casto also asked for a severance, after which he filed a mo-

NEWS OF THE RAIL

THE CHICAGO UNIONS' PROPOSED FIGHT AGAINST ELECTRIFICATION.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Three million dollars of the funds of four big unions of railroad employees is to be used in an effort to defeat the proposed city ordinance compelling the electrification of local railroad terminals, says a Chicago dispatch.

The action was decided upon by a committee of employees of the forty-two western systems in session at the Briggs house today. In addition to the proposed campaign against the passage of the measure this sum of money will be employed as an active means to combat the efforts of local improvement societies, in influencing public sympathy against the change from steam to electric transportation.

A general strike of 65,000 employees of the Chicago railroads may follow the failure of the labor organizations to effect a change in the present plans and in the attitude of citizens.

Some of the reasons of the committee for its stand against the proposed changes were these:

More than 60 per cent of firemen and trainmen now employed on the roads would lose their positions.

Remainder of train and engine men would lose a portion of their earning capacity.

Excessive danger to life and limb of trainmen by the substitution of electricity for steam in the operation of engines and road equipment.

Danger to the public. Belief that the public is not correctly informed as to alleged benefits to be derived by the substitution of electric driven conveyances.

History of operation of eastern railroads in last two years under electric power not conclusive that public has been helped.

Fallacy of the theory that smoke laden atmosphere is deadly to infants.

Missouri Pacific Plan Soon.

The plan of Missouri Pacific financing, for which preparations have been made by consolidating most of the subsidiary companies into a new corporation so as to execute a blanket mortgage on the property, will be announced within a few days, says the New York Commercial of Saturday.

It is thought that an offering will be made of a convertible 5 per cent bond differing from other convertibles in that it will be secured by mortgage on certain real property of the company. It is expected that the first offering will be open to subscription by stockholders to the extent of perhaps \$3,000,000.

The money will be used for equipment and general improvements. In 1901 the Missouri Pacific offered a convertible loan secured by some 1000 miles of road in addition to other collateral and these bonds were so well thought of that although convertible at par they sold at one time up to 150.

Rush Orders for 1,500 Cars.

The Pittsburg, & Lake Erie and the Great Northern railroads have placed orders for cars with the Pressed Steel Car company to the amount of \$1,500,000. The Lake Erie line orders 1,000 all steel cars and the order must be rushed, while the western road wants 500 if they can be delivered quickly.

The Pressed Steel Car company started its Wood's Run plant this

morning to help out in the rush for cars, as its great McKees Rocks plant is now being run night and day at top speed, about seventy-five cars being finished there daily.

It is claimed that the orders already in for cars will keep the plants running until spring, and in addition there are inquiries for another full year's work.

Good Meeting at Nevada.

J. Fred Williams, the Missouri Pacific engineer, returned this morning from Nevada, Mo., where, Sunday, employees of the company held a mass meeting to discuss the proposed adoption of a pension system by the company for the benefit of those in all the different branches of the railway service.

"We had a great meeting," said Mr. Williams to a reporter for the Democrat-Sentinel, "and the vote was unanimous in favor of the adoption of some such plan as was outlined at the initial meeting held in Sedalia a few weeks ago."

Katy Employees Met Sunday.

Fifty members of the B. of L. E., O. R. C., B. of L. F. and E. and B. of R. T. assembled at the Knights of Pythias hall, on East Fifth street, at 2 o'clock Sunday afternoon to attend a union meeting of M., K. & T. employees.

The purpose of the meeting was to discuss matters pertaining to the interests of employees, nothing, however, being furnished for publication. During the meeting John Carlisle was appointed press representative.

Ends All Rio Grande Strikes

The days of strikes and lockouts on the Denver & Rio Grande railroad are at an end.

The new policy of friendly terms with the big labor organizations went into effect as soon as the new general manager, Horace W. Clarke, took the reins.

After conferences, lasting a week, an agreement has been signed with all of the shop organizations on the system with the exception of the helpers' unions.

St. Joseph Not to Have It.

A. DeBernardi, superintendent of the Missouri Pacific at Atchison, Kas., officially denies the St. Joseph, Mo., report that St. Joseph will become the eastern terminal of the Central branch.

B. P. Waggener, general attorney for the Missouri Pacific, also denies the report.

Automatic Couplers.

H. A. Pratt, an M., K. & T. conductor, has resumed work, after a few days' lay off.

O. D. Rizer, a Missouri Pacific conductor, reported for work today, after a brief lay off.

Phil Adams, a Missouri Pacific conductor, has resumed work, after a few days' lay off.

Earl Reynolds, of Boonville, has secured a position as brakeman on the M., K. & T. out of this city.

G. R. Chamberlain, assistant claim agent for the Missouri Pacific, made a business trip to Holden today.

D. Stoffel, assistant claim agent for the Katy, made a business visit on the north end of the road today.

C. D. Divers, of the civil engineering department of the M., K. & T., made a business visit at Holden today.

P. F. Sullivan, a Missouri Pacific conductor, returned to Pleasant Hill this afternoon, after visiting his family here.

A. R. Thickett, claim agent for the M., K. & T., made a business visit on the west end of the Missouri Pacific today.

F. K. Tutt, of St. Louis, master mechanic for the Missouri Pacific, arrived on the fast mail train this morning on business.

M. C. Burns, foreman of the Missouri Pacific water service, and wife, went to Kansas City this afternoon on business.

Marshall DeHaven, an M., K. & T. conductor, is hunting quail at Magnolia today. J. W. McAdams is filling Mr. DeHaven's run.

Superintendent A. E. Boughner, of the Katy, returned to Franklin Junction this morning.

SALOON THOUGHT NO. 236.

A physician practicing in the city of Cambridge, Ohio, which has no open saloons since last fall, declares that under dry conditions he collects 92 per cent of his accounts, while 65 per cent was the best he could do when the town was wet. This physician is far from being what our liquor friends would term a temperance fanatic, but he is well pleased with the closing of the saloons, as he declared it means \$1,200 a year more money to him in the way of better collections.

Dried Fruit.

New crop of dried fruit just received—apricots, prunes, peaches, raisins, citron, etc.; new kraut; all kinds of pickles, etc., at Cain's Cash Store.

BLOODLESS SURGERY

tion this morning, after spending the Sabbath with his family here.

There is a vacancy for a flagman for exclusive passenger work on the M., K. & T. A uniform and cap are necessary for the man securing the position.

John W. Evans, of the M., K. & T. secret service department, made a business visit at Leeton today, and will leave this evening for Muskogee on company business.

Roy Bradfield, an M., K. & T. brakeman, who was hurt at Lewis station last week, and who has been a patient at the company hospital since, was discharged from the hospital today, and is getting along nicely.

The new fast mail train on the Missouri Pacific, which goes on tomorrow, will have the same right as train No. 7. All trains must clear the main line track for the special at least five minutes, while all switch engines must clear the track ten minutes.

LOST DAUGHTER FOUND

Girl's Face at Game Starts Grandfather on Hunt Again.

Chicago, Nov. 15.—After a search lasting more than twenty years, Edward Williams, of Vallejo, Cal., found his daughter, Mrs. Albert M. Jackson, at her home in this city yesterday.

Twenty-three years ago Mrs. Williams and her daughter, 1 year old, left Williams' home and disappeared. He searched for them several years, but failed to find any trace of his wife and daughter.

A year ago he saw a child at a baseball game. She reminded him of his daughter. He started the search again and traced his daughter to Indianapolis and then to Chicago. The little girl who attracted his attention was his granddaughter.

SNOW TIES UP TRAINS

Worst Storm in Thirteen Years—People Stay Indoors.

Fargo, N. D., Nov. 15.—Fargo is snowbound in the worst November storm in thirteen years. No trains have arrived over the Northern Pacific or the Chicago, Milwaukee and St. Paul roads, while the Great Northern trains are all late. Street cars were tied up all day Sunday.

Sixteen inches of snow fell, beginning Saturday at noon, and blown

FIRE IN LODGING HOUSE

Three Dead, Seventeen Injured in Pittsburg Conflagration.

Pittsburg, Nov. 15.—Three unidentified men are dead, five others are seriously injured and twelve men and women are suffering from bruises and shock, the result of an early morning fire in a lodging house on the river front yesterday.

When the fire broke out at 4 o'clock about thirty persons were asleep in the building. Firemen aroused them and carried the women and children to safety. The bodies of the unidentified foreigners, known to be street laborers, were not discovered until last afternoon, when persons clearing away the debris found their charred bones under a stairway. The damage to the lodging house is in excess of \$10,000.

On account of the mysterious origin of the blaze the police are conducting a rigid investigation.

YOUNG ROBBER IN COURT

Willie McKay, Who Was With Earl Bullock, to Reform School.

Lawrence, Kas., Nov. 15.—Willie McKay, the 15-year-old boy who, with Earl Bullock, robbed the State bank of Eudora last Friday, was arraigned in the juvenile court here this afternoon on a complaint charging him with robbery.

It is believed he will be sent to the reform school, his youth saving him from the penitentiary.

WOMEN IN TRADE UNIONS

Number Increases From 126,285 in 1906 to 201,909 in 1907.

Washington, Nov. 15.—Trade unionism among women has progressed so rapidly in Great Britain that from a membership of 126,285 in 1904 there were in 1907 201,909 women enrolled in organized labor, a gain of 59.7 per cent during that period, in which the increase in male membership of such organizations was only 24.7 per cent.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all dealers.

County Court in Session.

The judges of the Pettis county court are in session today.

Pool room licenses were issued to James Pyles, colored; Frank DeBold and L. G. Parker.

John Robinson and John Harris, of Houstonia, and J. C. Williams, of Sedalia, were appointed commissioners to assess damages and benefits in the F. H. Swope road case, north of Lamonte.

FIGHT PROMOTER DEAD

Dan A. Stuart, a Widely Known Sporting Man, in New York.

New York, Nov. 15.—Dan A. Stuart, a widely known sporting man, died at his home here yesterday of Bright's disease.

Stuart made his name in the west. While in Dallas, Texas, he sought to obtain permission for the Corbett-Fitzsimmons fight, and carried his arrangements so far that Governor Culbertson called a special session of the legislature to prohibit prize fighting in the state.

Later he obtained permission from the Nevada legislature to hold fights in that state, and as a result of his efforts the fight was finally brought about in Carson City March 17, 1897.

DR. J. H. BRITTS DEAD

For More Than Fifty Years He Had Practiced Medicine.

Dr. J. H. Britts, an ex-mayor of Clinton, died there last Saturday night. He had practiced medicine more than fifty years.

He was a surgeon in the Confederate army and was a state senator in the thirty-third general assembly. He was 73 years old, and was well and favorably known by a number of people in Sedalia.

WHO IS THIS SEDALIAN?

The Fayette Advertiser Refers to, Without Naming, Him.

The Kansas City Star printed this item in its "Missouri Notes" Saturday afternoon:

"The Fayette Advertiser tells how the 'Ward McAllister' of Sedalia—town of Missouri; boys play marbles there in dress suits—came over in Howard county to court one of the belles of Howard Bottom. The Advertiser says:

"He has loved every girl in Sedalia and has been the first beau of every girl to enter society there for the past 'steep' years. He's a prince among good fellows and any girl could be happy with him. But we positively enter a protest at his entering our territory."

FORMER ACTRESS WEDS

Becomes Bride Three Days After Getting Divorce.

Reno, Nev., Nov. 15.—Miss Margaret Illington, the actress, divorced here Wednesday from Daniel Frohman, New York theatrical manager, married Edward J. Bowes, a millionaire real estate operator of Tacoma, here Saturday night. The couple left at once for Tacoma.

The wedding took place in the cottage in which Miss Illington lived for the six months required of prospective divorcees. Miss Illington's father, I. H. Light, of Bloomington, Ill., gave the bride away.

Miss Illington announced the coming marriage to a few friends Saturday, but the date was kept from the public.

"I am going to have a home," the former actress announced, "where my husband will care for me and where there will be domestic happiness."

SPREADING PESTS

THAT THE INSECT-EATING BIRDS DESTROY IN THE COURSE OF A YEAR.

WOULD SAVE BILLION IN CROPS

This Sum to Endow a \$10,000,000 National Audubon University—A Splendid Business Investment Proposed in the East.

Special to the Democrat-Sentinel. New York, Nov. 15.—Proposing to save the people of this country at least \$10,000,000 each year, plans for a National Audubon University to be endowed with one million dollars were announced in this city today.

Based upon the known annual crop loss of one billion dollars, due to the spreading pests that the insect-eating birds destroy, the calculations of the National Association of Audubon societies, which is putting forth this project, show that the teaching of bird value from such an institution may result in wiping out at least 1 per cent of the huge national penalty for popular lack of knowledge on this subject. When one million dollars can be raised for the new university it is proposed to at once start its work, which promises eventually to contribute hundreds of millions to American prosperity.

Every man, woman and child in the United States is to be included as a student in the proposed Audubon University. Through hundreds of lecturers and teachers, who are to be educated in the science of nature's check to the destruction of the country's crops and woods, the economic principles of bird preservation will be taught to the people of every community. By means of university extension and correspondence courses the saving effect of wild birds upon agriculture in every section will be presented to the workers on the six million farms of the country. Each phase of the science of economic ornithology will be studied at this unique seat of learning and presented to the people whose material gains today seriously hampered by lack of light on the subject.

Reports from every state and county in the land have convinced the officers of the National Association of Audubon societies that all the American people are now ready and eager to learn to guard against the money loss that surely follows the destruction of the country's feathered resources. Only the wide presentation of the facts and figures of the economic bird value can ever check the alarming spread of crop plagues over the continent, the ornithologists and agricultural authorities declare. To tell this saving story to all the adults, and particularly to the children of America, is believed to be the only emergency measure that can now avail to save the agricultural and general wealth of the country.

"As a business proposition, as well as a splendid philanthropic opportunity, I want to resent the nation's need for our proposed university to all Americans who have the good of their country at heart," said William Dutcher, president of the National Association of Audubon societies, at its headquarters, 141 Broadway, today. "For every hundred thousand dollars put into this work of economic education a million is sure to be saved to the agricultural interests of the whole people. Successful agriculture means general prosperity, and thus every merchant, manufacturer, business man of every sort, is vitally interested and should bear his part in the present plan to educate the public to these great economic principles of bird conservation."

NEW FIRE ORDINANCE

City Fathers at Springfield Expected to Approve It.

Special to the Democrat-Sentinel. Springfield, Mo., Nov. 15.—In order to comply with the state laws in regard to fire protection, a new ordinance has been prepared under the direction of Fire Chief McLaughlin, which will probably be approved by the city fathers in the near future.

The proposed ordinance requires hotels, hospitals, school buildings and seminaries which are more than two stories high to be equipped with adequate fire escapes.

Hotels having more than fifty rooms or more than two stories in height must also have a night watchman. The city ordinance has been allowed to fall considerably behind

the requirements of the state laws, according to Chief McLaughlin.

THE THIRTEENTH CHILD

A Singular Combination in Which "13" Figures Prominently.

Frankfort, Ky., Nov. 15.—Is thirteen an unlucky number? Well, just read: Abe Lake, twice 13 years old, a convict, was pardoned here today, having been convicted of attacking his sister-in-law.

He is the thirteenth child, born on the 13th of the month, alleged to have committed his crime on the 13th, was tried and convicted on the 13th, was sentenced to thirteen years, received at prison on Friday, the 13th, and begged to be put in cell 13, but that cell was taken.

He was pardoned on the 13th, and his sister-in-law committed suicide thirteen months ago. He has to his credit at the penitentiary \$13.13.

ENLARGING THE YARDS

The Missouri Pacific Making Improvements at the Capital.

Special to the Democrat-Sentinel. Jefferson City, Mo., Nov. 15.—A large force of men is busy enlarging the Missouri Pacific yards and laying a double track from the prison to Cole Junction.

It is stated that the company expects to make a number of extensive improvements of this nature, not only here, but at various places in the state. Work on closing the gap between here and Springfield will probably be begun in the near future.

WAS NOT SHIELDED

FORMER CABINET OFFICER DENIES IMPUTATION ABOUT THE SUGAR TRUST.

HE SAYS THE FRAUDS ARE GENERAL

Millions Are Lost in Underweighing Dutiable Goods, He Avers, According to the Honorable Leslie M. Shaw.

Philadelphia, Pa., Nov. 15.—Direct from one who has held the position of secretary of the treasury, and who is therefore in a position to know whereof he speaks—Leslie M. Shaw who was in the first Roosevelt cabinet—came the declaration yesterday that the gross fraud against the government in the weighing of dutiable sugar is but one instance of a general practice.

It was explicitly stated by Mr. Shaw that on nearly every commodity and in every port, including Philadelphia, there is under valuation and under weight which defrauds the government of millions of dollars annually.

Mr. Shaw said that he had heard the amount of this loss estimated as high as \$100,000,000 per annum, although he believed this to be an exaggeration. However, he said, while an estimate of the extent of the fraud is impossible, that it is great is certain.

In the course of a long interview, in the course of which he went with detail into the difficulties which meet the department in apprehending the criminals who thus rob the national treasury, Mr. Shaw took occasion to deny an imputation which he said had been made by Special Agent Parr, who unceremoniously frauds perpetrated by the sugar trust, to the effect that the "sugar people" had been protected.

He declared that in keeping Mr. Parr from beginning this work years ago, when he desired to take it up, and putting him, instead upon wool smuggling trade, there was no purpose to shield the powerful trust which had defrauded the government to an extent estimated as high as \$30,000,000.

Incidentally, Mr. Shaw told an interesting story of years of experiment which have been conducted at the Philadelphia mint to perfect an automatic scale which will preclude the possibility of underweighing in the future. This scale, he said, is now perfected, and will save the government \$1,000,000 annually.

WAS ROBBED ON TRAIN

Dakota Claim Holder Thrown From Car by Bandit.

Sturgis, S. D., Nov. 15.—J. L. Purcell, a claimholder near Brushie, S. D., was held up late Saturday night by a masked bandit and robbed of \$3,372.

Purcell was en route from Huron, S. D., with his horses and household effects in an emigrant car attached to a special freight train. Within a few miles of this place a masked man entered the car door while the train was moving rapidly and attacked Purcell with a knife, overpowering him and securing his money. He then threw him from the car door.

PARALYZED HIS TONGUE

Man Tried to Eat the Leaf of a Mother-in-Law Plant.

Washington, Nov. 15.—In a bet that he could eat a leaf of the "mother-in-law plant," an exhibition at a local flower show, John O. Davis so badly paralyzed his tongue Saturday night that it required several hours for the physicians at a hospital to restore his power of speech.

The "mother-in-law plant" is so named because the juice from the

NEW DEMOCRATIC DAILY

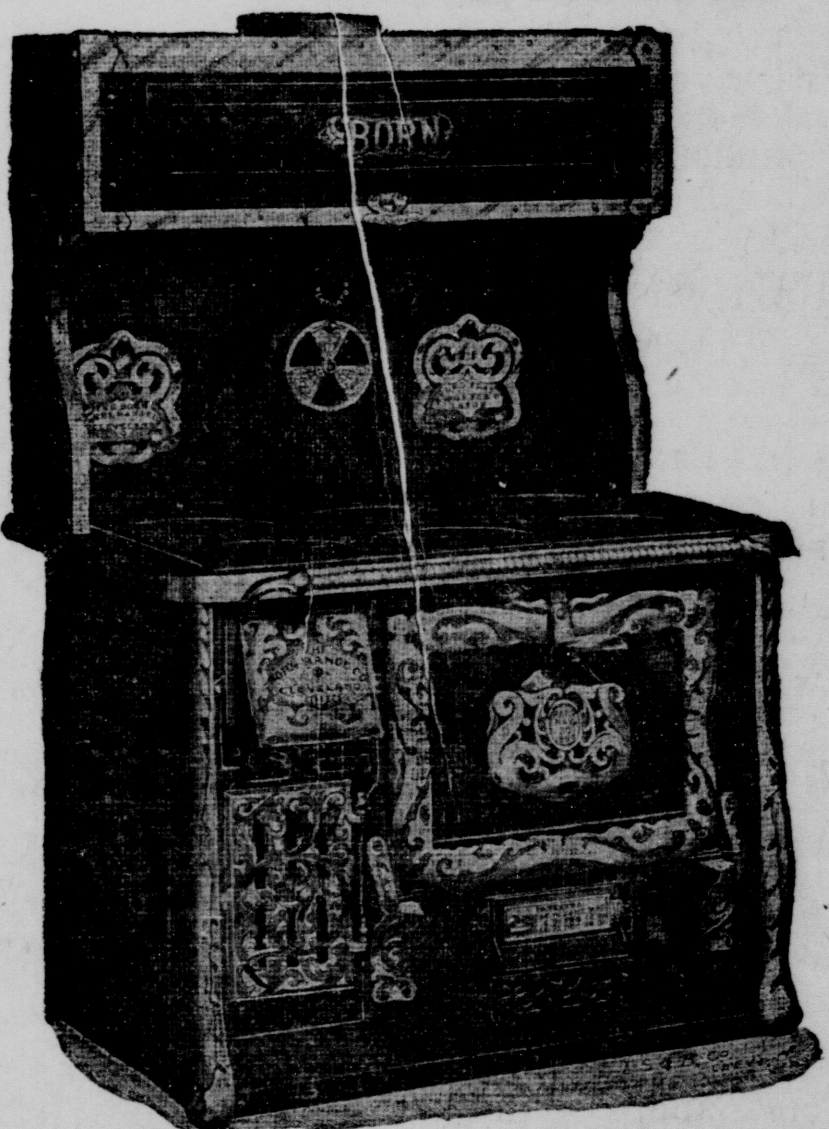

An Oklahoma Enterprise Is Capitalized at \$250,000.

Oklahoma City, Ok., Nov. 15.—An organization of democrats, for the establishment of a state-wide independent democratic morning paper, capitalized at \$250,000, has been perfected at El Reno, four lots on the corner of South Bickford and London streets having been purchased and plans for a four-story building ordered.

Those interested in the deal are: M. L. Turner, of Oklahoma City; Mose Wetmore, of St. Louis; Norman E. Mack, chairman of the national democratic committee. Homer Bassford, of the St. Louis Times, is to be the editor. The paper will be started the first of the year.

The paper will carry the full morning press reports and will be run on a complete modern scale.

FUEL BILLS CUT IN TWO

Something for Nothing Pretty Nearly

The Democrat-Sentinel wants more subscribers. It's got a good many now—more, by far, than any other paper ever published in Sedalia or Central Missouri—but it's not satisfied yet. The high mark set is 5000 by the first of October, and to get them it is prepared to make a more than usual liberal offer.

Here Is the Offer You Must Admit it Is a Good One

The Daily and Sunday Democrat-Sentinel for one year with the Cooker.....\$8.00

The Weekly Democrat-Sentinel one year with Cooker.....\$4.00

The Sunday Democrat-Sentinel one year with Cooker.....\$4.00

The regular price of the Daily Democrat-Sentinel is \$5.40. The retail price of the Fireless Cooker is \$10.00. We offer both for only \$8.00—a saving of \$7.40.

Can you find a better proposition than this?

We will do even more. You can pay \$4.00 and take the Cooker, paying the balance in three or six months, as suits your convenience.

NATIONAL FIRELESS COOKER TWENTIETH CENTURY WONDER

SAVES MONEY TIME AND LABOR

The Daily Democrat-Sentinel for One Year and Cooker for \$8

Cooker retails for \$10; subscription to paper \$5.40; a saving of \$7.40 to everyone taking advantage of this great offer.

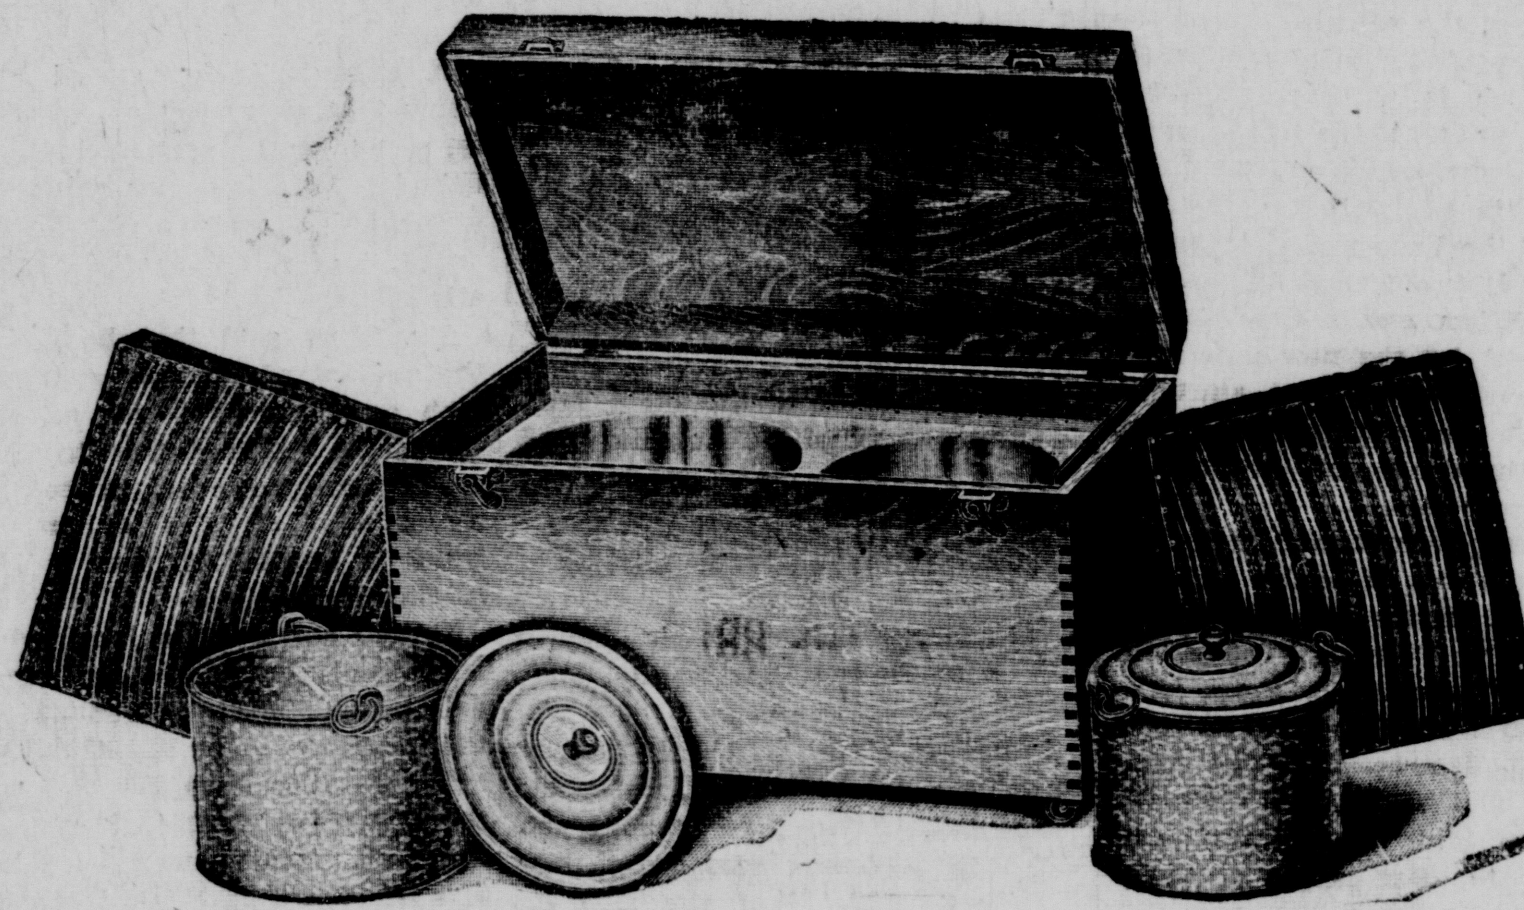

The Weekly or Sunday Democrat-Sentinel for One Year and Cooker \$4

Cooker retails for \$10; the paper costs \$1; a saving of \$7 to everyone taking advantage of this great offer.

CALL OR WRITE FOR PARTICULARS OF THIS GREAT OFFER

The Cooker Will Prove Just as Useful in Winter as in Summer and Will Save You as Much Money.

The National Fireless Cooker sells everywhere for \$10, but the Democrat-Sentinel is able to furnish it to subscribers at a price never before heard of since the invention came upon the market.

Here is the offer:

The Daily and Sunday Democrat-Sentinel for one year with the Cooker.....\$8.00
The Weekly Democrat-Sentinel one year with Cooker.....\$4.00
The Sunday Democrat-Sentinel one year with Cooker.....\$4.00

Ask the Following Ladies—They Are Using the Cooker:

MRS. A. D. STANLEY
MRS. E. B. BURROWS
MRS. G. H. SCRUTON
MRS. J. A. KENWORTHY
MRS. C. C. EVANS

MRS. HARRY W. SERVANT
MRS. G. H. TRADER

MRS. C. H. BARD

Advantages of the Fireless Cooker Over the Usual Method

Retain all the natural juices of meats, vegetables, etc.
Renders food more nutritious and palatable.
Requires only about one-fifth the time.
Prevents scorching, drying up or burning.
Never overcooks or spoils the food.
Renders all food much more digestible.
Promotes good health and good temper.
Prevents the commingling of flavors.
Cooks cabbage, onions, etc., entirely without odor.
Gives you leisure for calling, shopping, taking a nap, etc.
Turns Sunday dinners from drudgery to delight.
Prevents worry if husband or guests are late.
Does away with kitchen heat.
Cooks for breakfast over night.
Physicians say "the dyspeptic's best friend."
Fireless Cookers and the art of fireless cooking are old, having been used in Norway and the old world ages ago—the only difference is that our Cooker is built scientifically for all practical purposes.
In operation this wonderful invention is simplicity itself. You simply prepare the food to be cooked in the regular way—place it on the stove and bring it to boil—then immediately transfer to the Cooker, cover tightly, add the insulated pillow covering—drop the lid and let the Cooker do the rest. In a few hours remove the cover and serve the boiling hot—perfectly cooked and with a taste that will prove delightfully surprising.

THE COOKER

Is 24 inches long, 12 inches wide by 12 inches deep, made of kiln dried, specially prepared wood, dovetailed on all corners.
The cabinet is packed with chemically treated mineral wool which retains heat at the highest temperature.
The Cover is pressed steel, perfectly sanitary, and indestructible; it cannot wear out. The lining and Kettle Container is made of heavy seamless enameled tin, airtight and waterproof. Intense cold has absolutely no effect whatever on the contents of the Cooker. A dinner can be put in the Cooker and taken in the open air, on the back porch for example, even if the temperature is 20 degrees below zero, the cooking process will continue just as perfectly and scientifically as if Cooker was in the house.
The Cooker contains a six-quart and also a four-quart enameled pressed steel cooking kettle with special airtight covers.

SERVANT PROBLEM SOLVED

ADDRESS BY TAFT

PRESIDENT PARTICIPATES IN GOLDEN JUBILEE OF ST. ALOYSIUS' CHURCH.

MADE SPEECH THAT WAS PLEASING

Congratulates Dignitaries on Growth of Parish at the National Capital—Cardinal Gibbons Is Also Present.

Washington, Nov. 15.—President Taft last afternoon stood on the steps of St. Aloysius' church, with Cardinal

To the Citizens OF SEDALIA.

D. I. Wilcox, druggist, handles Gilhooley's Irish Liniment, and they back it up with what might be called a Government bond. In fact a guarantee certificate goes with every bottle, to the extent that if Gilhooley's Irish Liniment does not cure Eczema, Rheumatism, in any form, Salt Rheum, Lumbago or any skin ailment, you are out nothing, as the druggist you bought it from will give back your money and take the certificate for his pay.

The matter is entirely in your hands.—Gilhooley Irish Liniment Co., St. Paul, Minn.

Gibbons and Archbishop Faiconio, the papal delegate, in a review of the men's Catholic societies of Washington, an incident to the golden jubilee of the parish.

Preceding the review the president delivered a brief address, having been introduced by Fr. Eugene DeL. McDonnell, the rector, who referred to the fact that, fifty years ago, President Buchanan had assisted in the dedication of the church.

President Taft in his speech said: "In our country, in this government and under our constitution, there is no union of church and state, but, rather, a declared separation of them. This has sometimes been misunderstood by those who did not know our institutions as an indication that there was something hostile on the part of our government toward, or some lack of sympathy with, the church of God.

"This is as far as possible from the truth; and I have always sought, in assisting every such church on interesting occasions like this, to testify by my presence and my words of congratulation, that there is nothing which the people of the United States so depend upon for progress and advancement of their ideals as the influence and power of all the churches in the community. They tend to exalt the nation.

"I am here today, therefore, to congratulate Father McDonnell and his congregation and the distinguished dignitaries of the Catholic church on the growth in this community of this church of St. Aloysius, and the good that it has done, and to testify as a representative of the government to the sympathy we have with this instrument and all others that make for righteousness."

KILLED A HOOP SNAKE

William Braxdale, of Blue Springs, Mo., Did Recently.

Special to the Democrat-Sentinel. Blue Springs, Mo., Nov. 15.—Some people claim that a person cannot be

COKE

Why not burn Coke?
It is Smokeless and
Sootless, and a
cheaper fuel than
coal.

sure of anything in this world, but talk like that does not appeal to William Braxdale. He is just as certain that hoop snakes exist in Missouri as he is that three plus two makes five. This conviction is the result of an experience with one which he says he will not forget for some time, as the reptile made a noise like a hoop and rolled after him for several yards before he was able to kill it.

A Religious Author's Statement. Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy."—Arlington Pharmacy.

MISSOURI A RICE STATE

Experiments in Dunklin County Have Been Successful.

Special to the Democrat-Sentinel. Clarkton, Mo., Nov. 15.—Experiments with rice in Dunklin county are proving more successful than an-

tiipated. The wonderful growth of the industry in Arkansas was partly responsible for the trial crops here which have resulted in yields of 50 to 75 bushels of the pearly cereal per acre.

Plans are being made for a much larger acreage next year, as there is considerable land in the county well adapted to the production of rice.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all dealers.

BIG TOBACCO CROPS

Lumbermen and Carpenters Busy Putting Up Barns.

Special to the Democrat-Sentinel. Holt, Mo., Nov. 15.—New barns, old barns, sheds and buildings of all kinds are being utilized to take care of the tobacco crop around Holt, and still a number of farmers are having difficulty to get enough room. It is the biggest crop of the weed that has been raised for a number of years.

Lumbermen and carpenters have derived a good profit on account of this fact, as a number of large barns have been built recently.

Cures Biliousness, Sick Headache, Sour Stomach, Torpid Liver and Chronic Constipation. Pleasant to take

HUSBAND ABUSED WIFE

Bridegroom Put Up Money to Insure Her Kind Treatment.

Springfield, Mo., Nov. 15.—The Springfield court of appeals will have to decide, at its next session, whether or not a marriage contract is good and proper. The case comes from Laclede county, and is Martha Montgomery against J. P. Montgomery, her husband.

Just before the marriage of Montgomery and Martha McFall he executed a bond in the sum of \$500 to

insure her that he would treat her with kindness and affection.

Mrs. Montgomery recently brought suit to recover on the bond in the Laclede circuit court, claiming her husband had abused her. Judge Woodside, before whom the case was tried at Lebanon, sustained the demurrer of the defendant, which contended that the purported obligation herein sued on is against public policy and void and that it invites and encourages a separation of husband and wife and a source of gain.

The case was appealed to the court of appeals by Mrs. Montgomery.

"BABY MINE"

Becoming a mother should be a source of joy, but the suffering incident to the ordeal makes its anticipation one of dread. Mother's Friend is the only remedy which relieves women of much of the pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, and the system is prepared for the coming event. "It is worth its weight in gold" says many who have used it. \$1.00 per bottle at drug stores. Book of value to all expectant mothers mailed free.

SAVED LORD'S LIFE

DRAGOON INTERCEPTS A BOMB
THROWN AT VICEROY OF
INDIA AND WIFE.

ANOTHER ONE FAILED TO EXPLODE

Would-Be Assassins Make Their Escape—Innocent Bystander Has Hand Blown Off—Previous Attempts Been Made.

Ahmedabad, British East India, Nov. 15.—Lord Minto, the viceroy of India, and Lady Minto had a narrow escape Saturday from being killed by bombs.

They were driving through one of the streets, when, without warning, two bombs were thrown at the carriage.

A dragoon, who was riding alongside, spurred forward, and, with outstretched saber, intercepted the first bomb, hurling it some little distance into a sand heap. The second bomb struck the viceroy's jemidar, a native lieutenant, holding an umbrella over Lady Minto, and fell harmlessly to the ground.

Neither bomb exploded, as the soft sand acted as a buffer. On examination they were found to contain picric acid. Just prior to this as the carriage passed through one of the streets a bomb exploded some little distance away.

Police and others, attracted by the explosion, ran up and found a man lying on the ground with his hand blown off. He proved to be an innocent bystander. The bomb throwers made their escape in the excitement, and as yet no arrests have been made.

Attempts have been made in India against Lord Minto, Lord Kitchener and Sir Andrew Frazer, lieutenant governor of Bengal, and many other officials, and for a year or more there has been fear of an uprising against British rule in India, based on these almost daily attempts on the lives of British officials.

A CARD.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold, prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Suggestions About Hand Wrought Jewelry—Ingenious and Useful Handkerchief Case—Novel and Attractive Waist Hanger

Watch fobs are favorite presents to men from girls who are clever at designing and making hand wrought jewelry. Fobs of copper set with variscite, a pretty green stone, and mounted on tan suede of a heavy quality are very smart. It is a fashion, too, to have belt buckles made out of old watch cases and from old picture frames, not to mention charming girdles from old fashioned chased and fretwork napkin rings. The ring is cut into perpendicular strips, the strips being fastened together with silver chains in an ornamental design. Old coins are often joined together for dog collars, and quaint buttons are set in metal bands for fillets. These are only a few suggestions for girls who are interested in arts and crafts work.

Useful Handkerchief Case.

A useful handkerchief case can be made by purchasing flowered ribbon with a satin edge. Get the ribbon the width of a handkerchief when it is folded into a square, allowing a little for the finish. Turn both ends over a little more than is required for a

MATERIALS REQUIRED

Two Embroidered Handkerchiefs Ribbon

HANDKERCHIEF BAG.

pocket handkerchief and overcast the edge of the strip and of the turnovers together to make the two pockets. Hem the edges and fold the pockets together for packing. This little case is particularly nice to carry one's mouchoirs in when traveling.

For the Woman Who Cooks.

Few women can resist the appeal of a daintily made apron. For sewing or at a chafing dish an apron is indispensable, and many persons like to wear one around the house at light tasks that do not require them to be enveloped in more serviceable aprons.

A dainty affair of this kind, one that would make a nice Christmas present, is so simple in construction that any one can develop it.

All that is needed is a square of thin material—Persian lawn, sheer muslin or fine barred dimity. The size of the square can be varied from a yard to forty inches or even more, according to the height of the wearer and the desired length of the apron.

Make an inch wide hem on the four sides and hemstitch it on one or both edges of the drawn threads, as preferred.

Hold the square to you with a point at the bust line, and at the waist line shape it by several groups of fine lengthwise tucks to form a small bib top. On each side of the point so formed put ties of the material two inches and a half wide. These may be hemstitched all around, or they can be hemmed on the edges and finished in a deep hemstitching hem at the bottom.

This dainty apron is capable of many variations. In addition to the hemstitching, a bowknot design can be worked in the corner that forms the bib and at the bottom corner directly below it, or the four corners can be embroidered, those opposite the bib line taking a smaller motif.

An individual touch can be given by hemstitching as described and working in the bib corner a large oval medallion with a monogram in the center. Touches of color could be introduced in the embroidery with good effect.

A Novel Waist Hanger.

Here is a new shirt waist holder that is made by cutting white card-

MATERIALS REQUIRED

White Cardboard Design From Wall Paper Baby Ribbon

SHIRT WAIST HOLDER.

board twenty-one inches in length and nine inches in depth in the form of the illustration. Cut a floral design from wall paper and paste on the front. Make two holes in the top for the baby ribbon loop, one yard being necessary, and the holder is completed.

APPLES ARE PLENTIFUL

Prices Are Reasonable and Expected to Remain So.

Special to the Democrat-Sentinel.

St. Louis, Mo., Nov. 15.—Apples will not be as great a luxury in Missouri this winter as anticipated early in the season, according to the statements of several dealers in the always popular fruit.

The crop throughout the country has turned out to be larger than estimated, and storehouses are reported to be well filled. Prices are reasonable, and some think that they will remain so, although others expect the product to be considerably higher before spring, as there are only a few varieties that will keep well until March or April.

Many of the apples now on the market have been shipped in from Colorado. Reports from there indicate that the crop is the largest ever known in the history of that state. Iowa also reports an excellent yield. In Missouri, as well as in other fruit states, the canning industry is growing rapidly and many apples that would otherwise be wasted are saved by being taken care of in the factories.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package.—Arlington Pharmacy.

HARRY E. AGEE'S BUDGET

Nearly a Dozen Paragraphs from the Lamonte Record.

The Lamonte Record of November 12 had the following paragraphs:

Mrs. W. O. Terry, of Sedalia, was the guest of relatives here Wednesday.

Mrs. A. Wensell was the guest of her daughter, Miss Maud Wensell, in Sedalia Thursday.

Miss Edna Vaughn, a teacher in the rural schools near Sedalia, spent Sunday with relatives and friends here.

Mr. and Mrs. W. P. Sellers, of Sedalia, arrived Thursday for a visit with Mrs. Sellers' sister, Mrs. W. F. Yankee.

T. S. Norris and wife, of Sedalia, drove to Lamonte Sunday and spent the day with his parents, Mr. and Mrs. D. H. Norris.

Mrs. R. W. Griffith and daughter, Miss Helen, of Sedalia, were the guests of Mr. and Mrs. T. L. Terry the latter part of last week.

Miss Rowena Wheeler, of this city, and Miss Lucile McVey, of Sedalia, attended the Johnson county declamatory contest at Warrensburg Thursday night.

Lee Monroe, Earl McKenzie and John Collins, Jr., of Sedalia, were the guests of John H. Connor, north-east of this city, Wednesday. They spent the day hunting.

Mrs. M. H. Morris, who has been ill at the home of her sister, Mrs. T. A. Mitchell, for some time past, has sufficiently recovered to be able to return to her home in Sedalia.

Hosea Wimer, the efficient young bookkeeper for the Lamonte Milling & Grain company, has tendered his resignation and left the first of the week for Sedalia to take a course in shorthand at Central Business college.

Roy Hughes has resigned his position with the Ilgenfritz Hardware company at Sedalia, and this week is

the guest of his uncle, Samuel Claiborne, and other relatives. Roy contemplates making a trip to his home in Dalhart, Tex., before accepting another position.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready made product, Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by W. E. Bard Drug Co.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

PASTOR FELL DEAD

DR. ERASMUS DARWIN PEARSON,
OF LOUISIANA, MO., WHO
WAS AGED 81.

WAS LICENSED TO PREACH IN 1854

A Minister Stricken By Heart Failure Was Born in Saline County —He Preached for More Than Half a Century.

Louisiana, Mo., Nov. 15.—The Rev. Erasmus Darwin Pearson, one of the leading Presbyterian ministers in the state, dropped dead Saturday afternoon at 4 o'clock in front of W. A. Jordan's store on Georgia street from heart failure. He was on his way home from the law office of his two sons, Pearson & Pearson, in the Wellman Hawkins building.

Dr. Pearson was born in Saline county, Mo., June 4, 1828, and belonged to two of the oldest families in the state, the Sappingtons and the Jacksons.

He was educated in Cumberland university, Lebanon, Tenn., being graduated in 1852. He professed religion at a camp meeting near that city in 1848, and united with the Cumberland Presbyterian church.

In March, 1854, at Buffalo church in this county, he was licensed to preach and continued until his death.

In 1854 he was sent to this city, which pastorate he continued until the breaking out of the war, when he moved to Ralls county, where he remained for three years, going from there to Spencersburg, this county.

In 1867 he removed to this city, where he has since resided, the greater part of which time he has been pastor of the C. P. church.

The Rev. Mr. Pearson was married in 1859 to Miss Orpha M., daughter of Col. and Mrs. John Dysert, of Howard county. Four sons were born, all of whom survive. They are: Ras, John A., Eugene and Dr. D. M. Pearson, who are residents of this city.

The Rev. Mr. Pearson was an active church worker and was the prime mover in establishing and building Missouri Valley college, at Marshall, Mo.

Only Friday afternoon he published a statement concerning a legal question regarding the school, counseling harmony and brotherly love.

TOUGH ON THE HUNTERS

War Is Being Made on Them in Jackson County.

Special to the Democrat-Sentinel.

Independence, Mo., Nov. 15.—Jackson county farmers have become aroused on account of the depredations of careless hunters who have injured their property and live stock and have formed a County Game Protective association to prohibit hunting, trapping or fishing with firearms or dogs and to protect the game on the lands of the members.

A member of the association said today that it would prosecute to the full extent of the law any person or persons found trespassing on the farm of any member.

CONDUCTOR WAS KILLED

Iron Mountain Employee Is Hit by Train at Poplar Bluff.

Poplar Bluff, Mo., Nov. 15.—Charles Long, an Iron Mountain freight conductor, was struck by his train in the yards here and fatally injured at 3 o'clock Sunday morning. He died at 8 o'clock Sunday morning.

He was about 30 years old and leaves a wife and small child. His home was in Hoxie, Ark.

SIX MONTHS IN JAIL

Football Player Is Sentenced at Montgomery City.

Montgomery, Mo., Nov. 15.—Lester Thorp, the young man arrested in the Truxton game of football by Constable Owen and his deputy, who entered the game as a blind to capture the fugitive without subjecting themselves to danger, was arraigned for trial Saturday and charged with obtaining money under false pretenses. He was sentenced to six months in jail and paroled with the understanding he would leave Montgomery county for two years.

Since his sensational arrest it develops that he was recently married. He said, before leaving Montgomery, that he left the impression with his young bride when taken from the football field by the officers that he was simply wanted in court here as a witness.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

LOSS OF 101 LIVES

STEAMER SINKS TWO MINUTES AFTER BEING HIT BY BRITISH-INDIA VESSEL.

SHARKS ATTACKED THE VICTIMS

Sixty-One Persons Are Rescued After being Attacked by Man-Eaters —Several Were Quite Seriously Bitten.

Singapore, Nov. 15.—The mail steamer LaSey, of the Messageries maritime service, running between Java and Singapore, and on her way to this port, collided early Sunday morning with the Onda of the British-India line, and sank within two minutes.

Seven European passengers, including Baron and Baroness Beniczky, the captain of LaSey, five European officials, and eighty-eight others, comprising natives and passengers and members of the crew, were drowned. The rescue of sixty-one persons, practically from the jaws of sharks, formed a thrilling incident of the wreck.

The accident occurred about 4 o'clock in the morning in a thick haze. The vessels were steaming at good speed and the Sayne was cut almost in half.

There was no time for panic, nor for any attempt on the part of the officers of the foundering steamer to get out the boats. The majority of those on board were caught in their berths and carried down with the vessel.

The force of the collision brought the Onda to almost a dead stop, and her engines were at once slowed and boats lowered. The rescue work proved thrilling, for not only were the rescuing parties impeded by the darkness, but shoals of sharks were already attacking those clinging to pieces of wreckage in the water.

Sixty-one persons from the ill-fated steamer were finally dragged into the boats and brought by the Onda to this port. Many of them had been bitten by sharks and several are severely injured.

NO LIMIT ON THE 'POSSUM

License Is Not Required for Coons, Wolves or Rabbits.

Jefferson City, Nov. 15.—By request of a "possum hunter," Attorney General Major has prepared an official opinion which holds that "possums," raccoons, rabbits and wolves may be hunted in Missouri without the formality of taking out a license under the state game and fish law, provided that the hunting is done without a gun.

State Game and Fish Commissioner Tolerton had ruled that hunting of this kind could not be done without a license, and that while game of this kind is not protected by the law, the game and fish act specifies that a license is necessary not only to hunt protected game, but that it explicitly requires a license to "hunt."

The ruling of the attorney general will bring good cheer to the thousands of possum hunters over the state.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health. There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all dealers.
